**APRIL 1937**  
By VIRGINIA WHITE  
TRANSEAU  
**TONSIL-ADENOID CLINIC ARRANGED BY DR. I.A. WARD:** A tonsil and adenoid clinic is announced for May and June, to be conducted by Dr. I.A. Ward at his office in Hertford, when school children under twelve will be received as patients. Throughout the two months of May and June, on each Tuesday and Thursday Dr. Ward will operate on such children for whom arrangements have been previously made by their parents. In no case, according to Dr. Ward, will any child or children be received at the clinic as patients unless arrangements have been previously made. Dr. Ward conducted these clinics very successfully last summer. He is well prepared to do the work at his office, where he has very adequate and comfortable quarters, his offices being located in the old Carolina Bank Building.

**CITIZENS ASKED TO COOPERATE IN CLEAN-UP WEEK:** The week beginning Monday, April 12 has been designated as Clean-Up Week by the Town of Hertford, and circulars signed by Mayor Winslow calling attention to the matter and asking the cooperation of the citizens have been distributed throughout the town. Hertford's merchants are offering special bargains in paints so that those who wish may take advantage of the special prices to paint up as well as clean up, the idea being that no matter how much cleaning is done, nothing will take the place of paint where paint is needed.

## PHARMACY COMMENTS

Charles E. Woodard

### The Brand X That Packs A Wallop

I wonder how shocked and angry the public would be if a new drug (let's call it Brand X) came into use and turned out to have the following effects:

- 1) Ten million people, including teenagers became addicted to it;
- 2) Excessive X use caused 50,000 deaths and injuries on the highways each year;
- 3) 90% of all assaults and 70% of all homicides occurred while the aggressor was under X's influence;
- 4) 67% of all sex-related crimes against children were committed while influenced by this Brand X drug.

Suppose the list also included suicide, broken homes, and rape! Unfortunately, X is not an imaginary drug. Its scientific name is ethyl alcohol. Most folks just call it Booze!
