# How to buy a lawn mower.

1. Make sure the grass bag is mounted between the handles, so it trims close on both sides. You can mow anywhere, with no hang ups.
2. Check to see if it has a larger capacity grass bag that needs emptying less often.
3. Ask if it has vacuum action. A powerful suction that cleans your lawn as you mow.
4. Be certain the self-propelled mower has rear-wheel drive for greater traction. And automatic free-wheeling action for safer control.
5. Look for a tough, 6-speed transmission. For extra power and easy handling.
6. Now, if it has everything we've mentioned so far, buy it. It's a Snapper.

SNAPPER

All Snapper mowers meet A.N.S.I. safety specifications.
