

Summer & Winter Energy Savers

Aluminum Storm Doors

37⁹⁵

Tempered Safety Glass

Our doors come complete with a pre-hung style frame that is screwed directly to your door jamb. The doors are pre-hinged and have an adjustment bar at the bottom for snug fitting. The factory installed tempered safety glass prevents injury if glass is accidentally broken. Price includes a pneumatic door closer that prevents slamming and a wind check chain that prevents it from going back too far. Also included is an automatic trip lever.

Deluxe Cross Buck Door Anodized & White

This special model is 1 1/4" thick, with insulated double kick panel. Also has black hinges with traditional hammered look. Stock sizes.

Mill Finish

Other Finishes Available

Our storm windows are designed with a special panel construction that prevents "window give". The zinc die cast locks and stainless steel springs make possible fingertip-control for instant season-to-season changes. Automatic ratchet stops provide the desired degree of ventilation that you want. Windows are available in all popular sizes to help conserve energy and save you money on heating and air conditioning. All of our storm products are quality built for years of satisfactory service.
