\$10,000 WATCH
NEW YORK (UPI) — A diamond-studded gold watch in a futuristic design that sells for \$10,000 is said to be the most expensive digital watch for women in the world. It was introduced by Telesat Time, Inc., at the Retail Jewelers of America Mid-Year Trade Show here. The watch is decorated with a total of about four carats in full-cut pave diamonds.

American automobile pioneer Henry Ford said, "History is more or less bunk."
