

## School Lunch Menus Released

The Perquimans County Board of Education has approved an increase to 55 cents for student lunches at Perquimans High and 70 cents for all teachers for 1976-77. Larger portions will be offered to high school students and all teachers. To meet new State and Federal regulations, the whole box lunch with or without milk, or, any three different or all five of the plate items may be chosen for the full price. A student or teacher may not choose two of the same item. No student is required to pick up any item he does not plan to eat. These changes are for all teachers and students at Perquimans County High School only.

WHAT ARE THEY? — Red Weaver may very well have some record melons on his hands but the only problem is that he can't identify the type. The larger one, pictured above, seems to be a cross between a pumpkin and a watermelon. Both melons are on display in the Hertford Cafe window and any "melonologists" are invited to view them and tell Weaver just what they are.
