THE PERQUIMANS WEEKLY

Volume 32, No. 47

Hertford, Perquimans County, N.C., Thursday, Nov. 18, 1976

Farm-City Week Chairman Named

R.L. Stevenson has been named Perquimans County Farm-City Week chairman for the 1976 observance of Farm-City Week. The appointment was announced by C.A. Phillips of Edenton, state Farm-City Week Chairman.

Serving with Stevenson as co-chairman for the county committee is Richard Bryant, County Extension Chairman. Farm-City Week will be observed across the nation on Nov. 19-25, ending on Thanksgiving Day. The purpose of the event is to help create a better understanding between rural and urban people. The theme for 1976 is "A Declaration of

In appointing county Farm-City Week chairmen, Phillips stated that North Carolina is fortunate to have a fine relationship between urban and rural citizens. "Farm-City Week can help to maintain and strengthen this relationship," he said.

Mrs. Ruth Cherry of Rocky Mount is serving with Phillips as state vice-chairman.

This will be the 22nd annual observance of Farm-City Week. Last year's observance, according to final reports received at national headquarters, involved the active participation of more than 15,000 communities in the U.S. and

Farm-City Week is under the direction of a National Farm-City Council, Inc. headed by Don Fricker, Manager of Public Relations, J.I. Case Company, Racine, Wisconsin. Kiwanis International will serve as coordinating agency for Farm-City Week and act as headquarters for the National Farm-City Council for the nineteenth consecutive year.

The National Farm-City Council is composed of representatives from more than 150 major farm organizations, industries, businesses, associations, governmental agencies, educational institutions, and church groups. A Presidential proclamation and a joint Congressional resolution have called for Farm-City Week observances each year since the inception of the event. Farm-City Week has won the Freedoms Foundation's Distinguished Service Award, which carries the same distinction in the community service field as does the famed "Oscar" in the motion picture industry and the "Emmy" in the television field, and the Silver Anvil Award from the Public Relations Society of America for being an outstanding community relations

Helms Speaks In Greenville

State Senator Jesse Helms was guest speaker at the 21st Annual Area V meeting of the N.C. Association of Soil & Water Conservation Districts held in Greenville,

Tuesday night. Senator Helms joined with state conservation leaders in lauding the important work being done in the area by the supervisors. Helms also spoke on the billions of dollars being wasted on "unnecessary government pro-grams." He was well received by the group, and honored with a standing ovation.

Congressman Walter B. Jones was also present and spoke briefly on the importance of agriculture in our world today and complimented the supervisors on the contribution they were making in their respective districts.

Larry Larabee from Pasquotank County was recognized as "Conservation Farm Family of The Year" during the meeting. Larabee, who was chosen to represent the five-county Albemarle Conservation District, went on to win the area award based on his well organized farm in Pasquotank.

Larabee and his wife, Mary Ruth accepted the pla-que from Al Etheridge, Chairman of the Albemarle District. Etheridge complimented Larabee on his 'concern and dedication to agriculture and conservation practices." Larabee state competition for the farm family award.

Officers were elected for the next year: Robert G. Little from Pitt District was elected chairman for the Northeastern Area: Fernie Laughinghaus, Beaufort County, vice-chairman and Surry Wood from Dare County as Secretary and Treasurer.

Perquimans County was represented by the three supervisors, Floyd Mathews, Carroll Williams, and Elmer Lassiter and several invited guest.

Follow-Up Session On ECRI Project Held

The Exemplary Center for Reading Instruction (ECRI) Project is one of the reading programs being im-plemented in Perquimans County Schools to prevent reading failure. It has incorporated its findings into a program that combines both training and packaged training kits. It has been validated in Salt Lake City.

Teachers from Per-quimans Union School and Hertford Grammar School met recently for a follow-up session of the program at Hertford Grammar School. The consultant for the ses-sion was Ms. Linda Peterson

eleven teachers imple-menting the program. The teachers have attended workshops in Rock Hill, S.C. and in Elizabeth City, N.C.
The teachers had an all

day follow-up session on technical assistance with the consultant. Ideas were exchanged, charts were presented and discusses, and many questions were answered. Teachers in the program include: Mrs. Thelma Skinner, Mrs. Clara DuBois, Mrs. Sarah Meads, Mrs. Maggie Williams, Mrs. Emma Lawerence, Mrs. Lola Mitchell, Mrs. Katrena Reid, Mrs. Miriam Hog-gard, Mrs. Ruth Winslow, Mrs. Mary Brinn, and Mrs.

To Publish Nov. 24

Due to the Thanksgiving Holiday, the Perquimans Week-will be published on Wednesday, Nov. 24 instead of com-mout on the regular Thursday schedule. Due to this lange, the deadline must also be moved up one day. The yaddine will be Monday at 11 a.m. All advertisements and as articles must be received before that time in order to past in the Nov. 24 edition. Anyone having any questions in continuit the office by phoning 428-5728. The Perquimans Weekly office will be closed Thursday, to and Friday, Nov. 26 in order for staff members to

Members of the Hertford Lions Club are continuing to sell irewood, light bulbs, and baseballs autographed by Jimmy (Catflah" Hunter. Anyone interested in purchasing any of hose items can contact Lion members Claude Brian or

Commissioners Approve Letter To Inter-County System Users

At their Monday night meeting, members of the Per-quimans County Board of Commissioners unanimously voted to send a letter to members of the Inter-County Water Association in an attempt to clear up some misconceptions about the proposed water system for Perquimans County and how it will affect members of the Inter-County system.

In the letter, it was stated, "Perquimans County will soon be getting a loan and grant to let contracts to install a county-wide water system." The letter continued, saying members of the Inter-County system still have the op-portunity to become a part of the county-wide system if they desire. The letter also referred to voting which will be held on this matter Saturday, Nov. 20. At that time members of the Inter-County system will go to the polls at their Association Office from 3-7 p.m. to determine if they will or will not become a part of the county-wide system.

In their letter, the Commissioners also referred to a fact sheet drawn up by the Inter-County Water Association's Board of Directors dated Nov. 10. In the fact sheet, it was stated that members of the Inter-County system will be giving their system to the county if they vote to join the county-wide system. According to the letter approved by the Commissioners, this is not true. The letter states, "The county offers to purchase your system at a price that will pay off all your debts. The loan you have is a 100 percent loan to pay for the whole system and for equipment plus pay the first year's payment. The pay-off is approximately

The letter to members of the Inter-County Water Association continues, "Plans are to update your system with larger lines in some areas where there are two inch, three inch and four inch lines and to add five more hydrants to the Inter-County System. These lines will be fed from the county system with pressure from both directors. If you do not become a part of the county system, there are no plans for the county to inter-connect with your system unless you pay the cost of updating your smaller lines and connecting to the county. According to the engineer, this will cost about \$50,000. If you become a part of the county system, the county will pay this cost."

The letter also explained some of the advantages to Inter-County system users in joining the county-wide system. For example, if the Inter-County system sells to the county, the Inter-County tank can be filled from the county system wells in case of a well-pump breakdown problem. The letter also made reference to one of the Inter-County wells in which salt content has been gradually increasing. This problem may result in the need for a new well and the additional cost will come from the present users of the Inter-County system. However, if served by the county system, the service needed for this well can come from the

buses in the Perquimans

County School System has

become a problem ac-

cording to school ad-

ministrators, a problem

which according to

Superintendent Pat Harrell

Harrell said no major in-

cidences of misbehavior have resulted, but action is

being taken to prevent the

minor problems from

Harrell said the action is

"a cooperative effort bet-

ween the schools and the

homes to insure a safe and

efficient means of transpor-

tation to and from school

and this is a shared respon-

sibility by both the schools

Harrell added, "We are

concerned with some stu-

dent misbehavior on buses

and are asking parents' sup-

port and cooperation in help-ing us eliminate behavioral

and the homes."

becoming larger ones.

is being dealt with.

Student Misbehavior On

Buses Results In Policy

problems." According to

Harrell, the new policy will

be to have bus drivers

report student misbehavior

directly to the principal of

the school the child attends.

The first time an incident of

misbehavior is reported, if it

is not major, a letter will be

sent to the parents of the stu-

dent involved stating what

the incident was and asking

support in an attempt to

remedy the situation. For a

second offense, the student

will be suspended from

riding the bus for five days

and the student will be

responsible for arranging

his or her own transporta-

tion. If a third offense oc-

curs, the student will be

taken off the bus for the re-

mainder of the year. In each

case, the parent will be notified of the problem and

will be asked to work with

the principal in a

Harrell pointed out that

cooperative effort.

county system wells at no additional cost to the users. Another advantage stated in the letter was that a larger Perquimans County system could operate more economical than a smaller system by buying salt, chemicals and other supplies in volume. Also, according to the letter, a smaller system would have more difficulty complying with new regulations by the Environmental Protection Agency effec-

The letter concludes, "During the sign up period for our county system we will open the Inter-County sign up at the regular \$25 fee. Anyone wishing to connect to the system can do so for only \$25 during the next six months. Also, if the sale to the county is approved, the new water rates will go into effect as soon as the transfer is made.'

The following are the proposed water rates:
PRESENT INTER-COUNTY RATES

First 2,000 gallons - \$7.25 Next 3,000 gallons - \$1.30-1,000 gal. Next 5,000 gallons - \$1.30-1,000 gal. Next 5,000 gallons - \$1.30-1,000 gal. Over 15,000 gallons - \$2.25-1,000 gal PROPOSED COUNTY RATES

First 2,000 gallons - \$7.00 Next 3,000 gallons - \$1.30-1,000 gal. Next 5,000 gallons - \$1.00-1,000 gal. Next 5,000 gallons - \$.75-1,000 gal. Over 15,000 gallons - \$.75-1,000 gal.

Soil Survey Discussed

The Perquimans County Board of Commissioners held their regularly scheduled meeting Monday night at 7:30 p.m.

The main order of business was brief discussion on the Soil Survey sponsored by the Soil Conservation Service, being con-ducted jointly with Perquimans and Chowan Counties. In July, the Commissioners voted to enter in the survey with the neighboring county. Phillip Tant has been assigned to do the work and began his duties on Oct. 10. Tant was present to

for students, it is not a

definite right. A student can

be removed from a bus for

any reasonable request for

any length of time. Harrell

added that he felt the policy

was a fair one and hopes

that school authorities and

parents can work together

bus routing should be directed to William Byrun,

principal at Perquimans

High School. All other ques-

tions concerning the policy

should be directed to the

principal of the school

where the student attends.

Parents who request more

information can also contact

the principal of the school

Letters concerning the

discipline problem on the

buses and discussing the

new policy have been sent

from the schools to each of

the homes where a student

attends public school in Per-

quimans County.

Any questions concerning

to deal with the problem.

concerning any priorities they had for soil testing. Two suggestions were heard, one concerning the industrial development site and the other was in the Holiday Island area. It was also suggested that some recently developed areas in New Hope be considered as a priority for testing. Tant, accompanied by Albert Moore and Floyd Matthews. told the Commissioners he has planned to equally divide his time between the two counties and has set a goal of testing a total of 36,000 acres with 18,000 being in each county. Tant said, "I'm glad for the support you've shown in the survey and I think it will be well worth the money you've put into it."

Matthews also discussed the drainage problem in the county and cited Washington County as an example of an entire county used as a water district. He pointed out that this item was brought to the Commissioners only for consideration and asked that they contact him at a later date if they feel more information is needed.

In other business, the Board voted to send a letter to the members of the Inter-County Water Association concerning that proposal of that system becoming a part of the county-wide system.

Sales Are Up

Sales of Series E and H Savings Bonds in Per-quimans County during the third quarter of 1976 were \$8,667. January-September sales amounted to \$65,263. This represents 60.7 percent of their goal of \$107,600 according to R. L. Stevenson, County Volunteer Chairman.

Sales of Series E and H Savings Bonds in North Carolina totaled \$24,937,724 in the third quarter of 1976, the highest third quarter sales recorded since 1945 and six percent more than a year ago. This brings sales for the year to date to \$76,778,458, which is 5.4. above a year ago and represents 71.4 percent of the state's 1976 dollar goal of \$107,600

Nationally, total cash sales of E and H Bonds for the first nine months of 1976 amounted to \$5.7 billion. Of this total a record of \$1.8 billion were sold in the third quarter, 5.8 percent above the same quarter in 1975. The total amount of U.S. Savings Bonds and Freedom Shares now held by the American people tops \$71

Francine I. Neff, National Director of the U.S. Savings Bonds Division, called this "a tribute to the American people, and their 1976 Bicentennial, buy-bonds

BARN DESTROYED - Last Thur three Perquimans County fire departments answered a fire call in Chowan County, just past the Chowan-Perquimans line. The fire was a barn structure belonging to Purvis Chappell. located just past Belvidere. The fire was caused when burning grass became uncontrollable. Departments answering the call were Hertford, Winfall and Belvidere-Chappell Hill. (Newbern photo)
