

Miss Green Is Queen

St. Pauls A.M.E. Zion Church was the setting of the "100 Women in White" presented by the Ladies of the Church and others. It was quite a big success. The women were very cooperative which helped to make it outstanding.

Mrs. Frozine Green was crowned queen. She had the highest amount of money.

Mrs. A.N. Kingsbury was chairperson, and was honored with a plaque for the outstanding work she had done for the last eight months. The plaque was sent from Norfolk, Va. by friends of Rev. Alexander Green.

All the programs given this conference year were very successful and outstanding.

RECEIVE STATE RECOGNITION — Janice Bryant and Dorothy Ferrell show the advanced associate and associate certificates which they received last week from the professional standards committee of the North Carolina Association of Educational Office Personnel which met in annual convention in Charlotte. This is the first year the state organization has made the awards to individuals who have worked toward self-improvement by upgrading their professional standards. The two Col-

lege of the Albemarle employees were among 807 NCEOP members who attended the three-day meeting, and were the only two members from district 14, which encompasses 16 northeastern North Carolina counties, to receive such recognition. Miss Bryant, who has been recognized for her professional excellence previously by the national organization, was installed for her second term as president of District 14. (COA Photo)

"I wasn't about to put all my eggs in one basket."

Murray Parker - Gates, N.C.

I raise peanuts. And it's a decent living. **Most** years.

I say **most** because you never know if the weather's apt to cooperate.

And even if the weather comes through, some years the market doesn't.

It's during those lean years that it's nice to have a second income to fall back on. That's one reason I got into raising Perdue broilers.

But the main reason was the Peanut Program. For some years now

they've been talking about killing it. And they're talking a little louder every year.

Well, for someone like me living in a peanut county like Gates, that program's support is the only good reason to raise peanuts.

At least now I don't have to depend on one crop. Or one pay check once a year.

With Perdue I'm getting good, steady, guaranteed income all year round. In fact, I've made more than my guarantee on

every flock.

And, as far as the weather's concerned, who ever heard of a poor chicken harvest?

Please send me more information on Perdue Broiler Programs.
