CARD OF THANKS

At this time we would like to share with our many friends, loved ones, doctors, nurses, preachers, the rescue squad members and especially God for their part in our son, Tony's recovery. We are so thankful for each deed that has been done for us during this frightening experience. Each day we realize how we need others more. We don't understand why these things happen and as everyone tells me, so often, for the last two years, but I firmly believe it's to draw us closer to Him and to help us realize our strength comes from God. We should put our faith and trust entirely in His hands. We take so much for granted and He deserves the praise.
God bless each of you.
