

## Volleyball Begins

The Fall Volleyball League, sponsored by the Perquimans Recreation and Parks Department, began this week with eight teams participating. The teams will play each Tuesday, Wednesday and Thursday night, beginning at 7 p.m. at the gymnasium of Perquimans Union School. The women's teams will play the first two games each night. Teams include Brown's Landclearing, The Dynamites, Byrum's and The Super Stars. The men's teams will then play the third and fourth scheduled games each evening. The men's teams consist of The All Stars, The Recreation Dept., Winslow's and The Independents.

The season lasts four weeks followed by a double elimination tournament for both men and women. There is no admission charge and the public is invited.

 Independents vs. All Stars

## Civic League Meets

The regular monthly meeting of the Holiday Island Civic League was held Oct. 2 with Joe Segar presiding.

Segar reported that the community's rescue squad ambulance has been certified by the efforts of Bob Richard and Cecil Timms with cooperation from the members of the Perquimans County Rescue Squad. Timms reported that eight Islanders are enrolled in the Emergency Medical Technician (EMT) training course now in progress at the Perquimans County Rescue Squad Building.

Chairman Segar presented a program for fund raising for the coming year. One idea presented was a sailboat regatta with an open class boat race with a Hobby Cats class as the main event. A committee was suggested to look into this suggestion.

Mable Segar, Betty Godwin and Barbara Everett were named to a baked goods sale committee for the sale to be held during the Turkey Shoot in November.

Much discussion was also heard on security at Holiday Island and the lack of police protection in the area. It was pointed out that the only law enforcement Holiday Island has is that afforded by the Perquimans County Sheriff's Department. The group agreed that this was not adequate and Timms

## Permit Needed

**IF YOU BURN! DON'T FORGET YOUR PERMIT!**

Brush Burning Permit Law #14-139 requires that persons starting fires within 500 feet of areas under protection of the State Forest Service must have a permit from the State Forester or one of his duly authorized agents. This permit is required all year and there is no charge for it.

This section shall not apply to any fires started or caused to be started, within 100 feet of an occupied dwelling house, if such fires shall be confined within an enclosure from watch is being maintained and which is provided with adequate fire protection equipment.

However, a burning permit does not relieve you of complying to local Health Department and Board of Air and Water Resources standards.

The burning permit law is not intended to be an inconvenience to the public but merely a fire prevention tool. The benefits are (1) the Forest Service will know where burning is taking place and when, (2) what type and how much burning activity, (3) if precautionary actions are being taken, and (4) how to get in touch with permittee in the event of hazardous fire weather if burning is cancelled.

The burning permit is one of many indicators a Forest Ranger must use in planning his forest fire control program to prevent forest fires and keep them small when they occur.

### CHECK, THEN CALL

Avoid calling for appliance servicing needlessly. Do some routine checking first: Is the cord plugged in? Pilot light on? Controls set correctly? Has dust or dirt built up around vents or grills? Are water faucets on? Has a fuse blown or is the circuit breaker open? And always consult your owner's manual.

## Horse Show Held
