

Recreation Happenings

By BILLY WOOTE

We had a real good turn-out for girls' softball. Plans are for two teams of 9-12 year olds and one team for the 13-15 year old girls. Those interested should call the Recreation Department immediately.

Babe Ruth Baseball has started and the two Perquimans County team that have played won. Action is limited this week, but next week's games will be played each

night. Make your plans to support these young men.

Remember to sign up your children for some of the many different programs we will have this summer. The kids have to rely on their parents to sign them up, and when the parents forget or can't find time, it's the child that suffers. Please call the Recreation Department for information on any program. see ya next week.

Complete season

The Perquimans Pirates fell just short of becoming the State Champions when they were picked off in a close 7-6 game against Hallsboro played in Greenville May 30.

According to Coach Pete Hunter, the Pirates outplayed the opposition in every department except "mental errors."

The game gave the Pirates their first loss of the season bringing their 1978 record to 14-1.

Coach Hunter also noted graduating seniors who will be leaving the team: Tosh Towe, center fielder; Howard Williams, left fielder and pitcher; Marvin Hunter, short stop and pitcher; and Mark Winslow, first baseman. The coach added that the 1979 team will consist mainly of sophomores and juniors in the line-up. Coach Hunter also an-

nounced the team's motto for '79: "At the end of 1979, people will see the other teams behind."

Members of the Pirate baseball team were treated to an appreciation supper June 5 at Tuck's Bar-B-Q in Elizabeth City.

During the dinner, Coach Hunter made the following remark, "Tuesday, May 30 was the saddest day of my life." He explained that the outcome of the Hallsboro game was unbelievable for him but added that the 1979 team would come back strong. The coach also expressed appreciation for the fans' support and the involvement of parents this year.

Those sponsoring the dinner for the team were Mrs. Jake Jackson, Mr. and Mrs. Howard Williams Jr., Mr. and Mrs. Wayne White, Mr. and Mrs. Welly White, and Mr. and Mrs. Johnny Winslow.

TOURNAMENT WINNERS — The Kilowatts returned home Sunday with the first place trophy in the Ellis Carpet Invitational Softball Tournament held June 2-4 in Edenton. Ten teams participated in the double elimination tournament which

ended in competition between two of the three local teams participating. Above team members pose proudly with the spoils. The Kilowatts are sponsored by Albemarle EMC and Stallings and Son.

SECOND PLACE TEAM — Following a close battle in three games to determine the tournament, J&N Supply, another Perquimans County team, came home second place winners. Tournament officials com-

mented on the outstanding sportsmanship exhibited during the games between the two rival teams. (Staff photos by Kathy M. Newbern)

Gold Kist inc.

Gold Kist recently announced a new concept for handling your non-quota peanuts which can work effectively during the next four years under the present peanut legislation. This program offers our members the opportunity to receive the highest price possible for non-quota peanuts without fear of having to deliver quota production to satisfy the contract. Gold Kist has formed a "limited Contract Pool" which carries with it a substantial advance when the non-quota peanuts are delivered, but the important feature is that additional advances will be made as the peanuts are placed in world markets. In this manner, our patrons will continue to receive more money for their non-quota ton of peanuts up to its full market value when the pool is closed on June 30 or before. The initial advance, additional advances and final pool settlement will all be paid in cash.

This program is a good example of how the farmer and Gold Kist can work together to get the most for his crop. Gold Kist has proven its reliability over the years. Since 1957 when Gold Kist entered the peanut business, it has earned over 21 million dollars for Gold Kist patrons. This was in addition to the market price paid at time of delivery. At the present time, our current statements appear favorable for a good patronage refund on the 1977 crop which will add to the above total. We will do everything possible in trying to make the non-quota peanuts equal in value or hopefully exceed the quota peanut value. This can't happen unless you support your cooperative. A cooperative program is only as strong as its active, participating members who have faith in its ability. Gold Kist and its patrons must recognize that we are doing something that should work not only for this year but for additional years to come by giving the farmer a chance to do something for himself. Our initial advance on all non-quota peanuts will be 93 per cent of the quota price which calculates slightly over \$390.00.

A word of caution. You must come in to your nearest Gold Kist plant or facility to sign your non-quota contracts as soon as possible. The signing of a contract is required by USDA regulations and must be completed by June 14. If you have not signed a contract by that date, all non-quota peanuts, when delivered, must go into the CCC pool which will carry an advance of only \$250.00. It is important that you act promptly. Also, if in the future we must restrict the tonnage in the "Limited Contract Pool", members who have participated previously will receive first priority. For additional information, contact your nearest Gold Kist representative.

We wish for you a good peanut growing season, a good harvest and good returns on your crop this fall.
