

Recreation Happenings

By BILLY WOOTEN

Because of equipment problems with the Edenton teams, the Midget Football League will not start this week. A factory problem has left the two teams from Edenton with no helmets. The league will begin when the equipment arrives.

Let me remind everyone about the Punt, Pass, and Kick competition this Saturday, 2 p.m., at Perquimans High School. The activity is sponsored by Winslow-Blanchard Ford Motor Co. Children should sign up at the Ford dealership by Friday, Sept. 29.

Any women who missed the sign-up for

the Slimnastics Class can still register by calling the Recreation Department at 426-5695. This class will be led by Carolyn Rogers and will be held at the Perquimans High School gym.

The Eastern North Carolina Recreation Directors' Fall meeting will be held in Elizabeth City in November with your director serving as chairman of the meeting and co-host along with Jerry Allen of Elizabeth City and Mike Johnson of Edenton-Chowan. Approximately 25-30 recreation directors will attend the one-day meeting.

See ya next week.

People in the news

Mr. and Mrs. Glen White and family of Fayetteville were weekend guests of Mr. and Mrs. Edwin White at Belvidere.

Mr. and Mrs. Herbert Nixon spent last week at Ocracoke.

PP&K competition gets underway Saturday

Registration for the area's 18th annual Punt, Pass & Kick Competition for youngsters 8 through 13 years of age will remain open through September 29.

1,000,000 youngsters are expected to take part in this year's program sponsored by the Ford Dealers of America in cooperation with the National Football League. Registration blanks and local competition details are available

at all participating Ford dealerships.

Punt, Pass & Kick has attracted millions of participants since its inception in 1961. In addition, it has received the enthusiastic support of high school, college and professional football coaches across the country.

National Football League Commissioner Peter Rozelle describes Punt, Pass & Kick as "our most important youth-oriented promotion" and notes that entrants compete only against other youngsters their own age. Scoring is based on distance and accuracy in punting, passing and place-kicking.

Competition begins at the local level on Sept. 30, 2 p.m. at Perquimans County High School football field and subsequently moves to Zone, District, Area, Divisional and National levels. No entrance fee or special equipment is required. There is no body contact and participating does not impair a youth's amateur standing.

Youngsters, accompanied by a parent or guardian, may register for PP&K at any participating Ford Dealer, locally at Winslow-Blanchard.

Named area auto chairman

RALEIGH — Cecil E. Winslow of Winslow-Blanchard Motor Co. in Hertford, will serve as 1978-79 Perquimans County Area Chairman for the North Carolina Automobile Dealers Association. Announcement of his appointment was made recently by NCADA President Jesse W. Corbett Jr. of Wilson.

During his term, Winslow will act as liaison between new car and truck dealers in this area and the state and national dealer associations.

Hertford PTA plans flea market

The Hertford Grammar School PTA will be sponsoring a combination flea market, garage sale, and concessions sale on Saturday, Sept. 30 on the school grounds.

In case of rain, the event will be held on Saturday, Oct. 7.

In addition to items that individuals have the sale, the PTA will have a concession stand including hot dogs, drinks, homemade ice cream, cakes, and other homemade items.

Those requesting more information may contact the school or Mrs. Joanne Brown, chairperson.

The growing South: It now has one-third of the country's people.

And Southern Railway is growing right along with it.

Everybody knows the South is one of the fastest-growing areas in the U.S. But what you might not know is that it now has one-third of the country's population.

Needless to say, we at Southern Railway are happy about all this because each time the South grows, we grow, too.

After all, who do you think carries the raw materials to the new plants that are part of this growth? And their finished goods to market? In large measure, we do.

And, as the South's population grows who do you think brings the things these people need? The cars, the carpets, the appliances, the clothing, the sporting goods and the food? Largely, we do.

But, we're not growing just to keep up with the ever-increasing population. We're growing to be prepared for an even bigger South of the future.

According to the federal government, the

railroads will get an increase in freight volume of 143% by 1990. And the railroads' share of market will go up by a big 24%.

Will we get the lion's share of these increases when they come? Maybe. But whatever happens, we're getting ready for them by expanding right now.

We're putting in a new \$43 million freight classification yard in North Carolina. We're adding to our microwave communication system, which is already the largest in the South. And we're laying double track where one used to be enough to handle the traffic in the area.

So, even though we're growing right along with you, we're also growing ahead of you.

Because when the demand is there, we want to be there, ready to serve.

The Southern Railway is one more good reason for living in the South.
