#### **Burning Permits Needed**

# lult Basketball Schedu

Perquimans County Forest Ranger, John Hurdle, minded ths county residents Friday that burning per-mits are required year round for any open burning within 500 feet of any woodland between midnight and 4 p.m. It is possible to burn debris within 100 feet of an oc-cupied dwelling without a burning permit only if one or both of the followintg steps are taken. Prevention Step 1: The fire is confined in an enclosure from which burning material cannot escape. Prevention Step 2. The fire is in a protected area and is being watched constantly by someone having ade-quate fire protection equipment with him such as a charged water hose, bucket of water or sand, and shovels or rakes. ans County Forest Ranger, John Hurdle,

shovels or rakes.

Hurdle added that all burning may be cancelled dur-ing extremely dry conditions or during air pollution advisories.

Permits may be obtained from County Ranger Hurdle or from any of several burning permit agents throughout the county at no charge to the landowner.

Violations of this law could result in a fine of \$50 or 30 all times and remember to obtained a burning permit.

To help citizens understand more about how fires start, Hurdle released the Fire Occurance Report for 1978 that included information pertaining to Perquimans County fires in the past year.

Fifteen fires were reported in the year, fewer than usual spring fires due to an above average rainfall. However, when the rainfall became scarce, in the summer and fall, fires became more frequent.

The average fire size was 2.5 acres, excluding one oris fire which burned 40 acres. The reason this was excluded from the other fires is because it was on new ground and did not involve any woodland.

Debris burning fires were responsible for over onehalf of the county fires. Hurdle stated, "These could have been prevented it the proper precautions were followed."

> Recreation Happenings By BILLY WOOTEN

Both adult men and midget basketball

leagues got under way last week. The

adults play every Monday, Tuesday, and

Thursday at the Union gym. A schedule

appears elsewhere in this week's paper.

The midgets play every Saturday morn-

ing at the high school. Spectators are

welcome. I still need some coaches for

girls basketball. Please call or come by

the Recreation Department.

points and Jaundice Tolson and Elizabeth Towe with six. The loss drops the team to 1-3.

The next game for the two teams will be in Winfall Thursday against

#### Sewing

### Class

eginners sewing class be offered by Mrs. Underwood, Home nomics Extension t. Registration will be on Tuesday, January 2 p.m., at the Per-quimans County Office ilding with classes starting in February.

e class number will be limited. Anyone interested in learning to sew, please contact the Agriculture Extension Office by oning 426-7697.

Thursday Meeting

Albemarle Advisory cil on Aging will be at 2 p.m. on Thursday, 25 at the Edenton pal Building in A film will be entitled, "Step tep Aside" which to attend and the blic is welcome,

The way the economy is these days, any kind of tax relief is good news. That's why we are pleased to announce a major tax break for Perdue growers.

Thanks to the recent government tax package, you, as a Perdue broiler house owner, can now claim a 10% investment credit on your 1978 federal income tax.

If you purchased one of our broiler houses last year, you can deduct 10% of its cost from the Federal income tax you'll owe. That means you can subtract up to \$6,000 from the bottom line!

> And because this new tax law is retroactive to August, 1971, current Perdue growers who haven't claimed this credit in the past can benefit as well.

If you're not presently a Perdue grower, but are interested in earning up to \$16,000 per year, plus saving as much as \$6,000 on your 1979 income tax, contact Perdue today.

The Perdue broiler house tax credit...making a good thing even better.
