Barrel race

One of the contenders in last week's October Horse Show circles the barrel and heads for home.

Tigers fall short, 12-6

The Perquimans Union Tigers played what their coach termed their best half of football this season last Wednesday, but the trouble was it came too late.

Columbia held on against a strong second half rally and defeated the Tigers 12-6.

Columbia scored first after a blocked punt turned the ball over to them on the Tiger one yard line. The play was set up by a game opening boot that

sent the pigskin all the way down to the Tiger three yard line.

The second score came after another Tiger mistake, a fumbled punt that led to a touchdown and resulted into a 12-0 halftime lead for Columbia.

The second half, though, was a different ballgame for the Tigers, despite the absence of starting Quarterback Teton Reid, who was shaken up during the first half.

Babe Ruth winners

Three area teenagers have won top honors in a baseball skills competition and three others received runner-up awards in a program co-sponsored by the Albemarle Babe Ruth League and French's Mustard Company of Rochester, New York. The competition was supervised by Billy Wooten of the Albemarle Babe Ruth League.

The participants, divided into three age groups, matched skills in base running, fungo hitting, and throwing accuracy. Winners were determined by averaging contestants' scores over three events.

The winners in the 13 year

old class were Emmett Winslow, winner; and Tommy Tilley, runner-up. Jay Gregory received the first place award among the fifteen year olds and Terry Lightfoot was the runner-up.

The top award winners will receive plaques for their achievements. This program, intended to upgrade baseball skills in a spirit of friendly competition among teenagers of the same age group, is conducted on a nationwide basis by Babe Ruth Baseball and French's Mustard Company.

All participants will receive recognition certificates.

Jaycee shoot slated

The Quail Hunter's Open, sponsored by the Perquimans County Jaycees will be held November 10th and 11th. The event will start Saturday

morning at 9 a.m. until, and again on Sunday from 1 p.m. until. It will be held at the Beaver Dam Gun Club in Belvidere, NC.

Pirate defense crunches Columbia

A sticky defense combined with a 70 yard touchdown pass to give the Perquimans Pirates an 8-7 victory over Columbia Friday night, evening their conference record at 1-1.

The Pirate touchdown came early in the second half on a 70 yard pass play from quarterback Phil Woodell to Bobby Tolson. Fullback Donald Felton rammed over the two point conversion to give the Pirates a slim one point victory margin.

Columbia scored first on a 50 yard drive capped off by a

one yard touchdown run by Chip Hunnings. Hunnings kicked the extra point to give the Rams a 7-0 halftime lead.

The touchdown wasn't enough, though, as the Pirate defense fought back a fierce Ram surge near the end of the game to seal the victory.

Two blocked field goals and an interception by Tolson snuffed three separate Ram drives, all in the last five minutes of the game.

Donald Felton lead the rushing attack for the Pirates with 52 yards on 12 carries. Woodell was 1-of-8 passing,

but Pirate coach Celv Webster said that four of his passes were dropped.

The win brought the Pirate record to 2-4 on the season. The team will travel to Murfreesboro for the Murfreesboro homecoming on Friday night.

Some 11 million Americans now regularly jog or run, more than twice as many as five years ago, according to National Geographic World magazine.

When you want to save energy... The phone is the answer.

Peter Graves for Carolina Telephone

Over the past decade, Americans have become increasingly energy-conscious. New and old homes alike are being better insulated. People are purchasing more fuel efficient automobiles. Air conditioners and heaters are running less. And, more people are using their telephones to save gasoline.

By using the phone, you can avoid a search from store to store for a particular item. Communicating by telephone can save a trip

to the post office. Asking directions over the phone can save a lot of wasted driving. There are many energy "shortcuts" your telephone can provide you, so use it often.

The quick, easy and inexpensive telephone... When you want to save energy, it's the answer.

Fishing tax

RALIEGH - A proposal is afoot to expand the Dingell-Johnson Act which provides for an excise tax of fishing equipment.

Under the expansion, a 3 per cent excise tax would be charged on all new boats, motors and trailers. Fishing tackle covered by the act is currently taxed at 10 per cent.

The funds produced by the Dingell-Johnson program are distributed among the states depending on each state's land and water area and the number of fishing licenses sold.
