ANNOUNCEMENT OF INTENT TO PERFORM FLOOD ELEVATION STUDY

The Federal Insurance Administration of the Federal Emergency Management Agency announced that under authority of the National Flood Insurance Act of 1968 (P.O. 90-448), as amended, and the Flood Disaster Protection Act of 1973 (P.O. 93-234), it will fund a detailed study of the flood hazard areas in the following communities in the State of North Carolina: Town of Hertford, Perquimans County. The study will be performed for the Federal Insurance Administration by Tetra Tech, Inc., 7825 Baymeadows Way, Suite 321B, Jacksonville, Florida 32216, Area Code (904) 737-7855. The purpose of this study is to examine and evaluate the flood hazard areas in the community which are developed or which are likely to be developed and to determine flood elevations for those areas. Flood elevations will be used by the community to carry out the flood plain management objectives of the National Flood Insurance Program. They will also be used as the basis for determining the appropriate flood insurance premium rates applicable for new buildings and their contents, as well as determining the rates to be used for the second layer of insurance on existing buildings and contents.

LEGALS

This announcement is intended to notify all interested persons of the commencement of this study so that they may have an opportunity to bring any relevant facts and technical data concerning local flood hazards to the attention of the Federal Insurance Administration for consideration in the course of this study. Such information should be furnished to the Chief Executive Officer of the community as listed below or Tetra Tech, Inc. for forwarding to FIA.

Forestry team takes third straight win

The Forestry Contest Team consisting of Ricky Owens, Donnie Saunders, Shelton Skinner and Gordon Wilder placed first in a recent Forestry Contest held in Williamston.

This contest consisted of four parts: leave and cut, sawtimber estimation, pulpwood estimation and tree identification.

This is the third year straight the Perquimans FFA Forestry Team has been first in the district.

As winners of the District I Contest, they are entitled to participate in the state contest held in Raleigh.

They were awarded a first place certificate and a check for \$55.

HOW IT WORKS...
BEFORE 95°
 Superheated air trapped in attic spaces can reach 150°. This hot air penetrates downward into living spaces. Your air conditioner strains to cool the house.

AFTER 95°
 With a power attic ventilator, the temperature in the attic can be brought within 10° of the outside temperature. This allows your air conditioning system to effectively cool your house.

Perquimans Gardening

Full moon is on the 28th.
 Purchase or order some brussel sprout seeds now to plant between July 1 and 15. A half-packet per person planted 1/4 inch deep and thinned to 20 inches apart will provide a new vegetable interest if you've never grown them before.
 Check peonies and feed now to get them started on a good bloom next year.
 Check hollyhocks for rust and spray.
 Asparagus should not be cut anymore. Give the bed a good dressing of balanced fertilizer.
 Hurry on with any stem cutting you may wish to do. State horticulturists suggest also trying layering, or

grafting. Stem cutting is very effective with plants such as azaleas and many other ornamentals.
 Take cuttings from mostly this season's growth, (a little of the old and a little of the new) cutting at a slant and at a length of six inches. Strip bottom leaves and dip in a rooting compound. Then insert half of the stem in sand or peatmoss or a mixture of both. Keep from direct sunlight and maintain regular moisture.
 Rooting takes about two months. I root cuttings under the parent bush usually, and find they will be in grand shape by the next season and ready for a final move.
 The following poem has

 The Original: T. E. Brown, 1830-1897

MY GARDEN
 A garden is a lovable thing,
 God wot!
 Rose plot,
 Fringed Pool,
 Ferned grot —
 The veriest school
 Of Peace; and yet the fool
 Contends that God is not —
 Not God! In gardens!
 When the eve is cool?
 Nay, but I have a sign:
 "Tis very sure God walks in mine.

The Parody: J. A. Lindon, (1859)

MY GARDEN
 A garden is a lovable thing?
 What rot!
 Weed plot,
 Scum pool,
 Old pot, Mail-shiny stool
 In pieces; yet the pool
 Contends that snails are not
 Not snails! In gardens!
 When the eve is cool?
 Nay, but I see their trails!
 'Tis very sure MY garden's
 Full of snails!

BPW's attend convention

Members of the Hertford Business and Professional Women's Club attended the 61st annual convention of the North Carolina Federation of BPW Clubs held recently in Winston-Salem.
 Ellen Bowen, 1980-81 BPW president, was presented to the some 500 in attendance as a new president.
 Ms. Bowen also represented District 11 in the statewide Young Careerist contest, competing against 12 other district winners in a panel discussion, an interview, and a speech.
 Bonnie White, a former BPW president, was presented as the District 11 director, which comprises 22 clubs within the coastal area.
 Linda Grieve, immediate past president of BPW, was introduced as the District 11 liaison for the organization's

statewide magazine, THE TAR HEEL WOMAN.

Paula Miller and Noel Todd-McLaughlin also attended the convention. Ms. Miller, immediate past secretary of the local club, will serve as District 11 recording secretary. Ms. McLaughlin has recently been appointed vice-president of the local club.
