

Paige Underwood

The fourth annual "Christmas Ramble," sponsored by the Perquimans County Extension Service will be held on Tuesday, Dec. 9, from 7 to 10 p.m.

The following homes will be on tour: The Jim Mills' at 322 Grubb Street which is the second of two homes renovated during 1980 by Jim and Stephanie. This house was purchased from Mrs. Lenna Griffin and is for sale.

The house features a bay window in the living room and is furnished with antiques and collectibles in a and country decor.

The house at 506 Pennsylvania Avenue was built around 1919 by Major and Loomis Lumber Company and is now owned by Mrs. Ann Young, Tony and Val Short, who have lived in Hertford since February, 1980, found that their furnishings and taste were compatible to the two story wood frame house which features unusual structural ideas.

New homes on the tour are those owned by Mr. and Mrs. Erwin Perry, Mr. and Mrs. Alvin Mizell and Mr. Carlton Boyce.

The Perry's home was completed in 1979, and like the Boyce and Skinner homes is constructed of brick. Located near Winfall, the Perry's returned from Virginia Beach and built at Mrs. Perry's homeplace. This home

features spacious rooms, modern conveniences and special ideas for the handicapped since Mr. Perry's 83 year-old mother lives with them.

Carlton Boyce lived with his parents, Mr. and Mrs. M. C. Boyce, until he built and moved into his new home in 1979. This home is located next door to his parents in the Parkville area of the county. Boyce planned and furnished his traditional house and is now enjoying his two bedroom home with modern convenient kitchen.

The William Skinner home has grown from a small four room cabin to a seven room brick home. Paneling and most carpentry work has been done by Mr. Skinner over the past sixteen years. Century Gas System provides adequate heating and cooling for the family of seven who enjoys living at Lowe's Beach near Mrs. Skinner's relatives.

The Alvin Mizell's log cabin is a bit different but is among the increased number of log homes being built in our country for the energy efficiency and insulating properties of solid wood.

The Mizell's built their log cabin with the idea of using it for a summer and weekend home as they vacationed from their jobs and home in Newport News. Later, they decided to move permanently to Snug Harbor. Jean and

Alvin, with the help of their son, Randy, built the log home themselves. The stair rail is even made from a small log right from the lot which is one of the many unique ideas in the house.

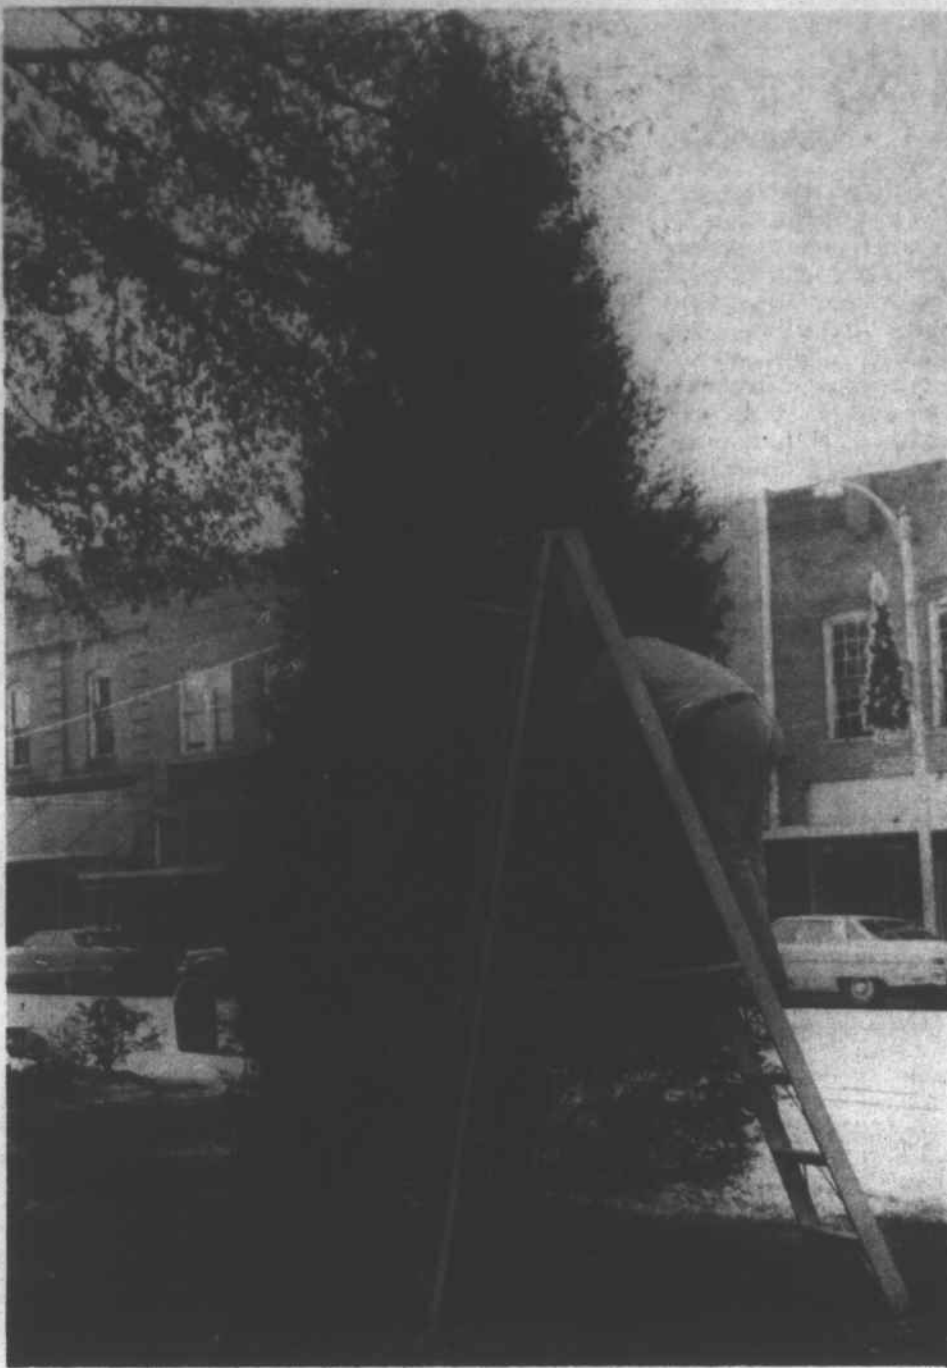

Along with the Christmas Ramble, refreshments and exhibits will be offered at the Perquimans County Office Building as a part of an Open House Tradition started twenty years ago.

Each year there have been changes and this year the biggest change will be the purchase of a ticket for the tour of homes.

Prices are \$2 for adults and \$1 for students. Tickets and maps are available from Extension Homemakers, the Extension Office, or at homes on tour Dec. 9. Tickets entitle you to tour all or as many homes as you desire. You may start at any point desired and in any order you wish.

Snow Hill-White Hat Extension Homemakers will be serving punch and holiday goodies from 7 to 10 p.m. at the Perquimans County Office Building.

Exhibits and demonstrations will be presented by Mrs. Helen North — postage stamp art; Mrs. Hazel Bailey — wood carving; Mrs. Emily Harrell — hand painted tree ornaments; Mrs. Maude Ellis — baskets; and Mrs. Nancy Hobbs — tree ornaments, and doll exhibit. Mark your calendar for Tuesday, Dec. 9.

Decking the boughs

David White, (right) and Kent Chappell string memorial lights, sold by the Hertford Business and Professional Women's Club, on the BPW

tree. The annual tree lighting ceremony will be held on the Courthouse lawn, directly after the Christmas Paraded on Friday, Dec. 5. The

Perquimans Union Band will highlight the service with a presentation of Christmas music.
