May Play Day planned for Edenton

The Chowan Arts Council is assembling an array of performers to appear during May Play Day, an arts festival to be held Saturday, May 1 in Chowan County at the Rocky Hock Community Center.

Among the craftsmen will be Emmett Jones, making detailed replicas of horse-drawn wagons. Jan Davidson will be on hand playing the guitar, fretless banjo, autoharp, harmonica, dulcimer and fiddle.

May Play Day will also feature the Buck Swamp Kickin Cloggers performing an old-time art in its original form; Ken Kaye, a juggler and mime actor; Michael Chapelaine, classical guitarist; The Suffolk Clog and Hornpipe Association, performing old-time fiddle music from England, Ireland and Scotland.

For the children, the Chowan-Edenton Optimist Club will provide train rides and a variety of games and contests. Also, for the youngsters, there will be a hands-on corner where children can finger paint, make block prints and masks, or try their hand at painting a free-form mural. Less physical activities will include films, puppet shows and stories presented by gifted storytellers.

Concessions will be available all day and chicken salad plates and ham biscuits will be on sale from 11 a.m. to 1 p.m. and a pig-picking supper will be available from 6 to 8 for \$3.

The Rocky Hock Community Center is located approximately 17 miles west of Hertford on state road 1110 (Grubb Street extd.), within sight of Rocky Hock Baptist Church.

Guide

Ross made the first Stars and Stripes, but they do know that she was employed in making flags for the Navy. Congress officially adopted this flag as our first national flag in 1777.

Francis Hopkinson, a gifted poet and artist of the era, is more probably the author of the design of our first flag, though Congress never officially recognized him.

THE NORTH CAROLINA MILITIA FLAG - Reputed to have been flown at the battle of Guilford Courthouse, March 15, 1781. It is probably the design of Col. Bullock, who led the

battle for the colonial forces. No explanation has been discovered for the unusual formation of the stars on its canton.

THE "STAR SPANGLED BANNER, FLAG" - Originally 30 feet wide by 42 feet long. It has been the only official flag of the United States to have more than 13 stripes. This flag of 15 stripes and 15 stars reigned from 1785 to 1818 and is chiefly remembered because it inspired Francis Scott Key to write the national an-

them. No one has ever been able to explain the unusual "V"-shaped sign sewn on its field.

OUR PRESENT NATIONAL FLAG - By law on April 4, 1818, Congress returned the flag to its original design of 13 stripes and provided that upon the admission of each new state to the Union a new star was to be added. From the 13 original colonies, our country has grown to include a diversity of cultures, races, languages, and customs.

Accessories are a fine way to update your wardrobe. Fashionable use of scarves, jewelry, belts and other items can help you "recycle" last year's clothing.

Make sure the cans of food you use are clean and dustfree. Any foreign matter on the tops of cans may easily be pressed into the food during opening.

Keep an ongoing shopping list handy in your kitchen. Immediately jot down any item used up or almost finished.

NORTH CAROLINA WILDLIFE RESOURCES COMMISSION

Notice of Public Hearing

In accordance with Sections 143B-18 and 150A-12 of the General Statutes of North Carolina, notice is hereby given that the North Carolina Wildlife Resources Commission will conduct a public hearing at 7:30 p.m. on May 20, 1982 in the Currituck County Courthouse, Currituck, North Carolina, for the purpose of soliciting public reaction to the following proposal:

To amend Rule 15 NCAC 10B .0115 so as to add Currituck County, or a part thereof, to the list of counties in which the intentional shining of lights on deer is prohibited between 11:00 p.m. and one-half hour before sunrise in areas frequented by deer and which are subject to substantial night deer hunting or in which residents have been greatly inconvenienced by such shining of lights.

The said amendment is proposed under authority of Section 291.1 of Chapter 113 of the General Statutes of North Carolina, to become effective September 1, 1982.

Interested persons may present their views either orally or in writing at the hearing, or prior to May 28, 1982, by communicating with the North Carolina Wildlife Resources Commission, Archdale Building, 512 North Salisbury Street, Raleigh, North Carolina 27611.

This 22nd day of April, 1982.

Family alert to dog tick

If you think you have a virus as we head into warmer weather, and you suffer from chills, fever, vomiting, headache, and muscle pain, be certain you are not suffering from an occasionally fatal case of Rocky Mountain Spotted Fever.

Spotted Fever is carried by the dog and wood tick. So Mom and Dad, be alert. Check your children often for tiny ticks. If you find one firmly attached, don't jerk it off tearing the skin. This increases the likelihood of contracting the fever. Rather, dislodge the tick very gently and slowly with tweezers, perhaps assisted by ice or a hot match tip.
