Wachovia sponsors COA scholarship

Wachovia Bank & Trust Co. will award a scholarship to a COA technical student this fall. This is the second year the program has been in operation.

Lloyd Armstrong, student financial aid director at the college, said that applications for the \$500 grant will be accepted through July 1. Applicants must be second-year technical students.

Wachovia established a \$250,000 trust fund in 1981 to provide 51 awards at 38 institutions in the bank's service area. Thirteen additional

scholarships are distributed according to enrollment in technical training programs at participating institutions.

Armstrong said that full-time, second-year technical students who are enrolled in any of the eight technical programs at COA may apply. He explained that applicants

must have and maintain a minimum 3.0 grade point average and submit the financial aid applications normally required by the college.

The scholarship is awarded on evidence of financial need, promise and prior performance. Recipients receive the grant in 3 quarterly payments.
