## Bear season to open

The big news this week is that the North Carolina Resources Commission will open a one week bear season from November 14 to 19. This season will be for Jones and Pamlico counties, but this is the closest season that is open to area hunters since our season was closed in this area.

There was talk of opening the season down around Stumpy Point but that's as far as it got. The bear hunting in this county is gone forever, so we have to take what we can get.

Let's not forget that on May 27, the

Perquimans Chapter of Ducks Unlimited will hold its second annual sponsors banquet. Again this year, the banquet will be held at Anglers Cover Restaurant.

All interested readers can get more information from DU Chairman Martin Fleetwood or any committee member.

The fishing in the area remains good. While the "S" Bridge remains slow, the fishing on the causway is pretty good with nice white perch and catfish taken with occasional bass and yellowbellies.

Elsewhere in the river the fishing remains good with some nice white perch being taken. There are some really big catfish being taken out there too.

Down at the beach last week the fishing off the piers picked up with good catches of spot and sea mullet being taken. The finishing in the surf wasn't as good.

## Thank-you

I would like to thank all of the people in the county who helped by buying or selling American Cancer Society Raffle Tickets. Special thanks go to Emma Burke, Ann White, Andrea Boone, Sherry Harrell and Elaine Cox for helping on Perquimans Day at Farm Fresh. Thanks also to Paige Hollowell, Stacy Cox, Lynn Stallings and Bonnie and Teresa Schallack for selling drinks, hot dogs and helping with the balloons. Thanks also to Elaine Pritchard and the Health Club Members.

Many special thanks to David Zimba and the Perquimans High Band and Jazz Band for performing for us at Farm Fresh for Cancer Control Day. They were great!

Thanks Bunches,  
Helen Hunter
