Cobbs receives recognition

Nine employees of Ford Motor Company's Norfolk Assembly plant celebrated milestone anniversaries with the company during September.

Robert C. Smyers of the plant engineering department and George R. Brown of the quality control department were honored for 35-years of service and received gold

watches from Plant Manger Joseph E. Bobnar.

Leonard B. Cobb Jr., 106 E. Academy St., who is in quality control, was among the seven employees who received 30-year gold pins from Mr. Bobnar, and all received a message of appreciation from Philip Caldwell, company chairman.

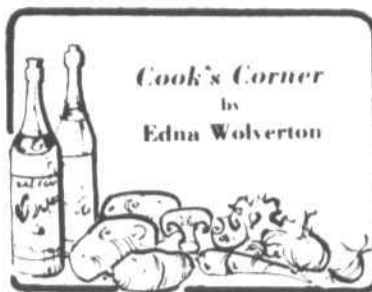

The first solo flight around the world occurred in 1933. It took pilot Wiley Post over a week to complete the 15,596 mile trip.
