## Basketball season off to bad start

By KEN CASTELLOE

The Perquimans Pirates varsity basketball team opened their 1983 season on Tuesday night with a loss to non-conference opponent, the Plymouth Vikings by a score of 94-49.

The Pirates maintained a one-point on several occasions during the first four minutes of play but fell behind and never regained the lead. After leading by only five points at the end of the first quarter, the Vikings outscored the Pirates by a margin of twenty points in the second quarter. Non-starter Tony Cox came off the

bench to provide the Vikings with twelve points in the second period alone.

The Pirates were hurt by turnovers in the first half, committing six straight in the final two minutes of the half. This along with a pesky man-to-man defense by the Vikings led to a 25-point lead for the Vikes at the half.

The Vikings led by James Spruill with 19 points came out in the second half with good execution while the Pirates were not hitting the open shots.

The Pirates were led by Teton Reid who scored eleven total points, with 8 of those coming in the fourth quarter of play. Anthony Shannon came off the bench to provide the Pirates with eight points while all but two of the Pirates scored during the course of the game.

The Vikings had three players scoring in double figures on the night. The Pirates will be in action again on December 14 when they travel to Northeastern High School to face the Eagles in a non-conference match. In Jayvee action, the Vikings defeated the Pirates 57-45.

## Area counties gain fox season

Edgecombe, Tyrrell, Hyde, Currituck and Perquimans counties represent the five eastern counties that will have adopted limited, permit-only county fox hunting and trapping seasons. In these counties, the seasons will run from January 14 through January 28, and a limited number of permits and fox tags — based on biological surveys of local fox populations — will be issued in

each county.

Those interested in participating in county fox seasons may obtain their application from their local license agent and wildlife enforcement officer.

All applications must be mailed to: N. C. Wildlife Resources Commission, Fox Harvest Permits, 512 N. Salisbury St., Raleigh, N.C. 27611.

Participants will be selected through a random computer drawing, and permits will be mailed to successful applicants. Participants will then be able to purchase a maximum of five fox tags at \$2.25 each from a designated agent in each county having a fox season.

All applications should be mailed by December 1.
