Humphlett appointed

Eastern Ice and Refrigeration, Inc. announces the appointment of Walter Humphlett of Winfall to the position of field trainer. Mr. Humphlett, a Perquimans County native, attended East Carolina University and was previously associated with Farm Bureau Insurance services.

A veteran of the U.S. Army, Humphlett is married to the for-

mer Jean Gray of Trenton. He is active in the Perquimans Farm Bureau, Perquimans Historic and Restoration Association, Ducks Unlimited and is president of the Perquimans County Chamber of Commerce.

Eastern Ice and Refrigeration Inc. is a major marketer of fast food equipment in the Carolinas and Virginia with home offices in Goldsboro, N.C.

Selective Service Board appointed

The Selective Service System has established a local board for Perquimans, Pasquotank, Chowan, Camden and Currituck Counties. Applications are now being accepted from volunteers to serve on the board.

Board members spend one weekend in initial training and one additional three-hour training session each year.

Eligible members must be United States citizens, at least

18 years of age and not active or retired members of the armed forces.

If the draft is ever resumed, local board members would decide conscientious objections and hardship claims for draft exemptions and deferments. If interested please contact North Carolina State Selective Service System, P.O. Box 28045, Raleigh, NC 27611 (919) 787-2320.

Enrollment held for Summer Reading

The Perquimans County Library and the principal of Central Grammar School, Mr. Morris Kornegay, arranged a special patron enrollment for the students at the school. It is the con-

tinuation of Mr. Kornegay and the library that the greater number of children who are enrolled in the summer reading program at the library will mean the greater number of children who will be reading throughout most

of the summer.

Applications for library cards were sent home by the school to be signed by the parents and returned to the school. Special library cards were designed and printed by the library. The school typed the children's names on the cards which were then laminated by the school librarian, Mrs. Sivills.

The Summer Reading Program with the theme, "Imag-

ine...Just Imagine", will begin at Perquimans County Library on June 28 and end on August 2. Registration will begin on June 17 and end on June 27.

Activities are scheduled each Friday morning from 10:00 A.M. to 12:00 noon. Mrs. Evelyn Neptune, the regional library storyteller, will be participating each Friday during the Summer Reading Program.

ANISEIKONIA

ANISEIKONIA means that there are unequal sized or shaped images sent to the brain from each eye. For normal, comfortable, binocular vision, the difference cannot be more than three or four percent. A greater amount can produce symptoms of mild to severe headaches and even double vision.

When the prescription for the lenses in the two eyes differ drastically from lens to lens, aniseikonia is a probability. Sometimes the very glasses which correct other vision defects will produce the condition. That being the case, you would be tested for aniseikonia. Unfortunately this doesn't always happen.

This is too bad, because the symptoms of this condition can be relieved readily with special glasses or contact lenses. The most important thing is detection. It has been estimated that there may be millions of people who suffer the discomforts of aniseikonia without even knowing it.
