## Recipes for Labor day

Your Labor Day plans most likely include a picnic or cookout with family and friends. If you plan to Barbecue chickens or grill chops, the following vegetables will be delicious accompaniments. Please use fresh potatoes, green beans and of course, tomatoes. Take the time to "French cut" the beans. Add a fruit cobbler and homemade ice-cream to finalize a tasty meal.

**CHEESY NEW POTATOES**  
12 medium-size new potatoes, unpeeled and cut in cubes  
½ cup butter or margarine, melted  
¼ teaspoon pepper  
1 cup fully cooked real bacon pieces  
2 cups (8 ounces) sharp process American cheese  
¼ cup chopped fresh parsley  
Cover potatoes with salted water, and bring to a boil; reduce heat, and cook about 15 minutes or until tender. Drain potatoes, and cool slightly. Stir in butter and pepper; toss lightly.  
Spoon half of potato mixture into a lightly greased, 3-quart casserole. Top with half each of bacon and cheese. Repeat layers. Bake at 350 degrees for 20 minutes or until bubbly. Garnish with parsley. Yield: 8 to 10 servings.

**GREEN BEANS AMANDINE**  
3 cups water  
½ teaspoon salt  
2 pounds fresh green beans, french cut  
½ cup silvered almonds  
3 tablespoons butter, melted  
1 tablespoon lemon juice

½ teaspoon salt  
lemon twist (optional)  
Combine water and ½ teaspoon salt; bring to a boil. Add beans; return to a boil. Cover, reduce heat, and simmer 20 minutes; drain.  
Sauté almonds in butter until golden. Reduce heat; stir in lemon juice and ½ teaspoon salt. Toss with beans. Garnish with a lemon twist, if desired. Yield: 8 servings.

**MARINATED TOMATOES**  
4 large tomatoes, sliced  
one-third cup olive oil  
¼ cup red wine vinegar  
2 teaspoons parsley flakes  
1 teaspoon chopped onion  
1 teaspoon Italian seasoning  
1 teaspoon salt  
½ teaspoon sugar  
¼ teaspoon garlic salt  
½ teaspoon coarsely ground pepper  
Arrange tomato slices in a shallow container. Combine remaining ingredients; mix well, and pour over tomatoes. Cover and marinate in refrigerator several hours or overnight. Yield: 8 servings.

## Union School Highlights

Buses traveling the highways, bells ringing, voices chattering, children walking on the right side of the hall, teachers giving assignments, all brought the familiar signs of a new school year at Union to a great beginning.

Lockers have been assigned, books issued, and rules and regulations discussed. Copies of the student handbook have been given to each child. After the homeroom teachers have finished discussing the information

within the booklet, it will be the child's responsibility to have the parents read and sign the form at the end of the book indicating that they have read the book. This form will be filed in the office to be referred to in case

any disciplinary action which may need to be taken.

Students in grades 7 & 8 were introduced to the new mini-course rotation which includes the vocational subjects, art, music, computer education, physical education, and family life and health.

Union's cafeteria is being remodeled and is tentatively scheduled to be operative in approximately three weeks. We appreciate the efforts of the cafeteria personnel at Central and Union Schools who are working to make the lunch hour as organized as possible.

We also thank the parents for helping us in the successful beginning of the 1986-87 school year.

## Rockingham speedway race results

ROCKINGHAM, NC—Rockingham International Dragway is putting together a show that seems destined to be ranked as one of the greatest in International Hot Rod Association history when the U.S. Open Nationals championship drag race unfolds September 5-6-7.

The ultimate with most show business undertakings is to present a production that never a dull moment.

It may not be Broadway or Hollywood, but playing fields for baseball, football, soccer, track; the rinks for ice hockey and speedways for automobile racing are stages for performers, nonetheless. When the action starts, it's show time.

Some promoters recognize that fact, and very often spice up the proceedings prior to the main event by importing special talents to provide

entertainment until the stars appear. Classic never-a-dull-moment operation.

By that criterion, the U.S. Open Nationals promises to be one of the most memorable drag races ever at RID's supper facility, which is rated by the performers as the finest on the circuit.

In addition to the championship points showdown in the Pro Stock and Alcohol Funny Car divisions and the rip-snorting confrontations of Pro Funny Cars, this production will feature a field of eight wild nitro-burning Top Fuel motorcycles capable of hitting the 200 m.p.h. mark; competitive runs between wheelstanders "Hemi Under Glass" and "Night Raider" at speeds up to 160 m.p.h. and a battle of the sexes between Aggie Hendricks and Tom Brown's Cali-

fornia Flame jets.

Nearly all of the motorcycles will be running nitromethane—just like the Pro Funny Cars—and do long, smoky burnouts like the Funnies. Bobby Baker of South Carolina won the last outing in Eunice, La., and Elmer Trett of Georgia ran the first 200 m.p.h. pass on two wheels in drag racing.

This will mark only the second appearance for the daredevil cyclists on the IHRA circuit, and first ever in the Carolinas. Telephones at RID have been ringing steadily since announcement of the motorcycle competition two weeks ago.

The Winston Series points championship showdown for the Pro Stock season title between Rickie, Darrell Alderman and Bob Glidden and the Alcohol Funny Car duel to the

wire between Bunny Burkett and Greg Moss is all the incentive needed for longtime drag racing followers.

Following opening-round qualifying for all classes except motorcycles on Friday from 10 a.m. until 5 p.m., Saturday's action begins at 9 a.m. and concludes at 10 p.m. The motorcycles will precede qualifying rounds for the professional classes at 1:45 p.m., 4:45 p.m. and 7:45 p.m. Saturday night's action includes the first round of Alcohol Funny Car final eliminations with the wheelstanders and jet cars serving as the climax.

Racing will resume at 10 a.m. Sunday morning with sportsman classes completing their preliminaries. Final Eliminations begin at 12 noon with motorcycles preceding the Pro Stock and Pro Funny Car runoffs.

## Service news

**JAMES**  
John T. James, Jr., son of retired Army Sgt. 1st Class John T. James of Rural Route 2, Hertford, N.C., and Carolyn Z. James of 3100 Weaver Road, Hampton, Va., received practical work in military leadership at the U.S. Army ROTC advanced camp, Fort Bragg, N.C.

The six-week camp, attended by cadets normally between their third and fourth year of college, includes instruction in communications, management and survival training.

Successful completion of the advanced camp and graduation from college results in a commission as a second lieutenant in either the U.S. Army, Army Reserve or National Guard for the cadet.

**SCHALLOCK**  
Cadet Teresa A. Schallock, daughter of Mr. and Mrs. Wesley G. Schallock of 213 Sunset Drive, Hertford,

N.C., has completed a U.S. Air Force ROTC field training encampment at Vandenberg Air Force Base, California.

Field training, attended by cadets normally between their second and third year of college, gives an opportunity to evaluate each student's potential as an officer, according to an Air Force spokesman.

The summer's curriculum consists of orientations on jet aircraft, career opportunities, human relations education and equal opportunity training. Physical fitness and survival training is also emphasized.

The field training is four weeks, but cadets in the two-year ROTC program receive an additional two weeks of instruction in the development of air power and the contemporary Air Force.

Schallock is a student at East Carolina University, Greenville, N.C.

## Fisherman asked to keep look-out

Coastal fishermen are asked to be on the lookout for tagged channel bass (also called red drum and puppy drum.)

Biologists with the N.C. Division of Marine Fisheries recently tagged 200 in the Pamlico River. They hope to catch and release red drum in other areas later this year. Since 1983, they have placed orange or yellow plastic

tags in the dorsal area of the drum from 10 to 60 inches in length.

A \$2 reward is offered for the return of the tag.

Biologists need the help of fishermen returning the tags to learn where the red drum migrate, how fast they grow, and other details to provide information necessary for management decisions.

For more information, contact the Division of Marine Fisheries by calling toll free-1-800-682-2632 between the hours of 8:00 a.m., and 5:00 p.m., Monday through Friday.

## Commodities distribution outlined

COMMODITIES DISTRIBUTION  
SEPTEMBER 17, 1986  
9:00—12:00  
(RAIN DATE 9-18-86)

The distribution of food will be at the Ice Plant, Grubb Street, and will begin promptly at 9:00 a.m. and end at 12:00 noon on September 17, 1986. Households having four or more members should bring another per-

The Perquimans County Department of Social Services will receive 4,570 lbs. of cheese, 1,337 lbs. of butter, 731 lbs. of corn meal, 1,837 lbs. of instant milk, 1,566 lbs. of honey, 2,558 lbs. of flour and 1,766 lbs. of rice for distribution to the needy of Perquimans County in September.

son with them to help in carrying their commodities to the car.

All households with disabled adults should authorize a representative to receive the food for them; however, this must be done prior to the distribution by coming to the Department of Social Services for authorization. All other households must only pick up their own food for which their household is entitled. There will be no certification of authorized representatives at the Distribution Site.

Food stamp recipients will be automatically eligible and will be mailed an application card which they must bring to the Ice Plant on the day of distribution. All other applicants

may pick up an application blank at any one of the following locations: Department of Social Services, Health Department, Economic Improvement Council or Catholic Social Services. Applications will not be available at the Distribution Site. Applications may be obtained from the above locations on or after September 8, 1986.

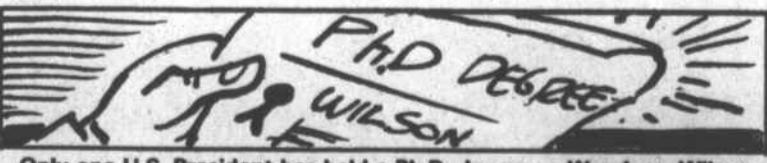

No cars will be allowed on the roads leading into or out of the Ice Plant property. Please remember to park only in an authorized parking zone. The Hertford Police Department will be patrolling the Distribution area.

The income criterion are listed below:

HOUSEHOLD SIZE	GROSS INCOME OF HOUSEHOLD		
	PER YEAR	PER MONTH	PER WEEK
1	\$6,968	\$581	\$134
2	9,412	785	181
3	11,856	988	228
4	14,300	1,192	275
5	16,744	1,396	322
6	19,188	1,599	369
7	21,632	1,803	416
8	24,076	2,007	463
ADD FOR EACH ADDITIONAL HOUSEHOLD MEMBER:	\$2,444	\$204	\$47
