The Thing You'll Like Most About Our Home Equity Loan Is Having To Pay The Interest.

Because the interest is all you have to pay until a home equity loan from NCNB reaches maturity.

LineOne® Equity is a revolving line of credit based on the equity in a home. And it's one of the few consumer loans for which interest deductions may still be allowable under the new tax law. But it's different from most other home equity loans in that it allows you to pay as little or as much of the principal each month as you choose. You even have the option of only paying the interest each month.

And that's a big plus, which can be seen from the chart shown below.

Line Of Credit Monthly Repayment Schedule.

Credit Amount	NCNB ¹	Bank A ²	Bank B ²	Bank C ²
\$10,000	\$71	\$150	\$170	\$300
\$20,000	\$142	\$300	\$340	\$600
\$50,000	\$354	\$750	\$850	\$1500
\$100,000	\$708	\$1500	\$1700	\$3000

Assumes an 8½% rate* and an outstanding balance equal to the credit amount shown, 15 yr. term. ¹Interest-only payment option. ²Required payments as a percentage of outstanding balance (interest and principal payment).

What's more, LineOne Equity from NCNB can offer you advantages that home equity loans from most banks

across the state just don't. Which include: 1) No origination fees; 2) A fast closing of usually 10 to 15 business days after you apply; 3) No fees for unused credit; and 4) A credit line of up to \$100,000 or more, or up to 100% of the equity in your home.

But best of all, LineOne Equity allows you to use your credit anytime, anywhere, just by writing a check.

So visit your local NCNB office or call Phone-A-Loan at 1-800-342-9701 (in Greensboro, 855-NCNB), and ask about LineOne Equity.

Then, compare it to other home equity loans. We think that you'll find LineOne Equity to be an item of interest.

*Example is based on NCNB's Prime Rate plus 1%. NCNB's Prime Rate is the rate announced by NCNB from time to time as its Prime Rate. Although the Annual Percentage Rate may vary, on December 10, 1986 the Annual Percentage Rate was 8½%.
