## Hop-n-ing project defined

It's Hop-n-ing all across North Carolina! During the month of March, 400 day-care centers and over 16,000 children will be participating in the 1987 Hop-n-ing for Easter Seals.

Hop-n-ing is a special project designed for young children with a two-fold purpose. First, children are taught about people with disabilities to encourage understanding and acceptance of those who are different. Second, the children are given a chance to help those with disabilities.

All participating day-care centers received Easter Seals' disability-awareness handbook to help young children learn about disabilities. At the same time that the children are learning about disabilities, they will "hop for the handicapped." The children obtain pledges for friends and relatives for every hop they make in a three-minute timed period. Last year 240 centers involving over 7,000 children raised \$59,000 in this special fund raiser.

Proceeds from the event will support Easter Seal programs for physically disabled children and adults in North Carolina, including special equipment provision and loans, physical and speech therapy clinics, adapted swimming programs, respite care, a stroke club network, and camping opportunities at Camp Easter-in-the-Pines.

For more information about the 1987 Hop-n-ing for Easter Seals, or to locate participating day-care centers in your area, please call Easter Seals, toll free, at 1-800-722-0652.

# There's Still One Tax Deduction That Hasn't Gone Into Retirement.

If you've been reading about the recent changes in the tax law, you probably know that many tax deductions are soon going to be a thing of the past.

Fortunately, there is still one tax deduction that isn't going into retirement: an NCNB IRA.

**NCNB  
IRA  
Options**

Fixed-Rate Accounts  
Variable-Rate Accounts  
Mutual Funds  
Government Securities  
Stocks and Bonds

Invest in an NCNB IRA by April 15 and you can deduct the entire amount from your 1986 taxes. So it makes a lot of sense to get an IRA from NCNB now, if you haven't already.

But regardless of how the tax law affects you in 1987 and beyond, an NCNB IRA is still one of the best ways around to prepare for your retirement.

An NCNB IRA offers the widest variety of investment options, from fixed-rate accounts to mutual funds. So you can find the combination that works best for you.

What's more, you won't pay tax on interest you earn on this year's IRA or future contributions until you make withdrawals at retirement.

So just drop by your neighborhood NCNB office today and ask us about an IRA. With all of the advantages that an NCNB IRA has to offer, you'd really have to be off your rocker not to take full advantage of them.

**NCNB**

Member FDIC. Substantial penalty for early withdrawal.
