# There's Still One Tax Deduction That Hasn't Gone Into Retirement.

If you've been reading about the recent changes in the tax law, you probably know that many tax deductions are soon going to be a thing of the past.

Fortunately, there is still one tax deduction that isn't going into retirement: an NCNB IRA.

Fixed-Rate Accounts  
Variable-Rate Accounts  
Mutual Funds  
Government Securities  
Stocks and Bonds

Invest in an NCNB IRA by April 15 and you can deduct the entire amount from your 1986 taxes. So it makes a lot of sense to get an IRA from NCNB now, if you haven't already.

But regardless of how the tax law affects you in 1987 and beyond, an NCNB IRA is still one of the best ways around to prepare for your retirement.

An NCNB IRA offers the widest variety of investment options, from fixed-rate accounts to mutual funds. So you can find the combination that works best for you.

What's more, you won't pay tax on interest you earn on

this year's IRA or future contributions until you make withdrawals at retirement. So just drop by your neighborhood NCNB office today and ask us about an IRA. With all of the advantages that an NCNB IRA has to offer, you'd really have to be off your rocker not to take full advantage of them.
