Bank introduces variable rate CD

ROCKY MOUNT, NC—Peoples Bank introduced on April 6 a variable rate Certificate of Deposit (CD) called CD Preferred. This investment instrument guarantees investors a floor rate equal to the opening rate but also offers the potential for the interest rate to rise during the life of the CD.

"In today's low interest rate environment, people are hesitant to tie up their money in what they feel is a low-yielding CD. Peoples Bank is the only bank in North Carolina giving the consumer an innovative alternative. With CD Preferred, one knows that his rate will never go below the rate he gets on the day of deposit, but, if rates start going back up, so might the rate on his CD." Peoples Bank President J. Marshall Tetterton explained.

CD Preferred is available for terms of 2-5 years with a minimum investment of \$5,000. The CD is issued at the current rate in effect for the desired term and deposit amount. The original rate is the base rate for the term of the CD. Like ordinary CD's, the rate will never go below the base, even if market rate trends continue to decline.

But unlike ordinary CD's, the interest reviewed each calendar quarter. If rates have started moving up again and the applicable current rate is greater than the base rate, the customer's CD will earn interest at the higher rate for the next quarter.

CD Preferred further exemplifies Peoples Bank's commitment to thinking ahead for the consumer and to developing new financial services to meet his needs," Tetterton said.

What to do about stolen tax refunds

If you should have the misfortune of losing your Federal refund check or having it stolen, here's what you should do. First, call the Internal Revenue Service at 1-800-424-1040. An IRS assistor will secure identifying information about the refund and after researching IRS files via computer, send you a Form 3911, Claim for Refund, to complete and return to the IRS service center where you filed.

If records indicate that the check has not been cashed, you should receive a replacement check about 6 weeks after you file your claim.

If the check was cashed, the IRS service center will send you, within 45 days a Form 1133 and photocopy of the canceled check. The completed Form 1133 and copy of the canceled check should be returned to the service center. Within another 45 days, you will hear from the Treasury Adjudication Division. A replacement check will not be issued until after an investigation, which can take 6 months to 2 years.
