Peoples Bank Introduces C.D. Preferred

Ask any stockbroker about investments, and bullish or bearish, he'll probably tell you that the higher the rate of return the greater the risk you take.

It's a fundamental principle for most investors, but not at Peoples Bank. We're thinking ahead with an innovative variable rate Certificate of Deposit that gives our customers the benefit of rising interest rates and protects them against falling rates.

That's why we call it C.D. Preferred. When you pur-

chase a 2, 3, 4 or 5 year C.D. Preferred, with an opening balance of \$5,000 or more, you are guaranteed a minimum rate of interest equal to your opening rate. As interest rates fluctuate, your rate can only rise above that base rate. It will never fall below.

Get the rate without the risk. With a C.D. Preferred from Peoples Bank.
