

Boosters kick off new year

The Perquimans County Athletic Boosters are kicking off a new year with several projects in the works, according to club president Edgar Roberson.

The Boosters will meet for the coming year on the first Monday of each month, beginning on Aug. 3, at 7:30 p.m. at Perquimans County High School.

Roberson said football season tickets will be available beginning on Tuesday, Aug. 4. The tickets will cost \$ each, and will allow admission into both varsity and junior varsity football games for the 1998 season. Tickets can be reserved by calling Roberson at 426-7719 or Judy Rucker at 426-7615.

Booster members will gather at the high school stadium on Saturday, Aug. 8 at 9

a.m. for the annual facilities clean-up day. Concessions stands and equipment will be cleaned and organized for the coming fall sports season, which begins with a three-way football scrimmage on Aug. 15 at 7 p.m.

Sports program sales were set to begin this week, Roberson said. There will be no increase in ad prices for the 1998-99 program. Ads are \$25, \$50, \$100 and \$200.

The biggest project being undertaken by the Boosters at present is installing lights at the Perquimans County High School softball field. Perquimans is the only school in the Northeastern Albemarle Conference without a lighted softball field. With the addition of the lights, games can be scheduled at night, which will

be more convenient for working parents to attend. Also, the lighted fields may be used for summer league play.

A \$300 donation will purchase a light on the field. Those businesses and individuals donating a light will have their names painted on a permanent sign to be installed at the field. In addition, light sponsors will receive a complimentary \$25 ad in the sports program.

Donations of any size are being accepted for the project.

Booster membership is open to all adults who support physical education and sports in Perquimans County Schools. Dues is \$10 per year and includes a membership gift. For membership information, contact Susan Harris at 426-5307.

Handle medical waste carefully for safe disposal

Most medical waste generated in the home can be easily and safely managed by the caregiver. According to the Environmental Protection Agency (EPA) you can prevent injury, illness, and pollution by following some simple steps when you dispose of sharp objects and contaminated materials you use in taking care of someone in your home.

Needles, syringes, lancets, and other sharp objects should be placed in a hard plastic or metal container with a screw-on or tightly secured lid. Tape the lid if necessary to make sure it stays on. Do not use glass or clear plastic containers, and label the container "do not recycle." This container may then be disposed of in the household trash.

Waste Matters

Anne Blindt
Albemarle Regional Solid Waste Authority

The EPA also recommends that soiled bandages, disposable sheets, and medical gloves be placed in securely fastened plastic bags before you put them in the garbage can with your other household trash. Double bagging these items may be wise.

Nursing facilities, clinics, and hospitals are larger producers of medical wastes, and must dispose of their waste through special hazardous waste companies, but homes do not have the same restrictions. For more information call your local home health care providers or the Solid Waste Authority at 297-3300.

Fueston earns law degree

Thomas Jefferson School of Law in San Diego has awarded a Juris Doctor degree to John S. Fueston, son of Mr. and Mrs. Vernon M. Fueston of Holiday Island. Fueston is one of 80 graduates who recently received their law degrees at Thomas Jefferson School of Law's 26th annual commencement at the Organ Pavilion in San Diego's historic Balboa Park.

Fueston lives in Yorba Linda, Cal. Employed as a civil engineer by the County of San Bernardino, Fueston lists the AmJur Bancroft-Whitney Award in Constitutional Law I and II among his law school accomplishments.

SPECIAL NOTICES

ERRORS & OMISSIONS

Advertisers should check their ad the first day it runs. The advertiser agrees that the publisher shall not be liable for damages arising out of errors in advertisements beyond the amount paid for the space actually occupied by that portion of the advertisement in which the error occurred whether such error is due to the negligence of the publisher's employees or otherwise, and there shall be no liability for non-insertion of any advertisement beyond the amount paid for such advertisement.

NOTICE TO READERS

While work-at-home advertising is often legitimate, we advise readers to fully investigate the background of any company before paying a fee. If an offer sounds "too good to be true," it probably is. Proceed with caution if you are asked to send money or to call a "900" number. All phone numbers prefixed by "900" are charged to the caller on a per minute or per call basis. The Daily Advance makes every effort to qualify these charges for the readers. Remember, if you have any doubt, investigate.
