North Carolina State Health Plan

Recently, you should have received a letter from the North Carolina State Health Plan with information about your 2017 benefits. This letter mentions that CVS Caremark is the State Health Plan's new Pharmacy Benefit Manager as of January 1, 2017.

This information does not mean that you will be required to move your prescriptions to a CVS pharmacy in 2017. It only means that CVS Caremark, a prescription insurance company, will be managing the State Health Plan's Prescription Drug Program.

We will be able to continue to provide the same level of quality service that we always have, at no additional cost compared to CVS. Thank you for choosing us as your pharmacy, and please let us now if you have any questions.

ARTIST VISITS

SUBMITTED PHOTO

Perquimans County native Lamar Whidbee shared his art and spoke to students at Perquimans County High School recently about the importance of knowing and embracing their family roots. Whidbee was a star athlete at the high school who discovered art is his true passion.
