

Remembers Employees.

York, Pa., April 1.—Hon. A. B. Farquhar yesterday reached his fiftieth anniversary as a manufacturer and observed the event in an unusual way, which proved most welcome to the beneficiaries of his bounty. He gave his personal check for \$1,000 to the Pennsylvania Agricultural Works Beneficial Association No. 1.

Fifty years ago Mr. Farquhar embarked in the manufacturing business which is now known all over the civilized world and in some sections which are not entirely civilized.

In commemoration of his reaching this important anniversary he sent to the beneficial association which is composed of employees of his own shops the following letter and check:

York, Pa., March 31, 1906.
To the P. A. W. B. Assn. No. 1.
Gentlemen:

"I commenced business in York just fifty years ago and it occurred to me that the best manner of celebrating the anniversary would be to give the beneficial association of our workmen the enclosed check for \$1,000, which I send with best wishes for your success.

Very truly yours,
A. B. FARQUHAR."

The check was handed to W. M. Loucks, secretary of the association and he at once made the fact of its receipt known to many of the members. All expressed the greatest gratification at Mr. Farquhar's generosity. A meeting will be held on Monday evening at which appropriate action will be taken. The P. A. W. B. No. 1 is one of the largest organizations of the kind in this city, it having a membership of more than four hundred. Mr. Farquhar has frequently been kind to the association. On several times he made it gifts of \$100 and \$200 about Christmas time.

Wagons For Porto Rico.

Geo. E. Nisson & Co., the well known wagon manufacturing firm of Waughtown, this county, has received an order for seven heavy four-horse wagons, to be shipped to a party in Porto Rico. This is perhaps the first order ever received by a North Carolina concern of this kind. The same firm is filling a nice order from Indian Territory.

For Slaying Governor Goebel.

Salisbury Post.

James Howard, who was convicted of the assassination of Governor Goebel, of Kentucky, and whose case has become one of the most celebrated in the country, has begun serving his life time in the penitentiary. Despite the fact that political feeling has been high in Kentucky it is not believable that Howard's conviction was due to a disposition on the part of party foes to punish him, whether guilty or innocent of the crime charged. All too frequently gross miscarriages of justice occur when juries allow guilty men to go free but it is the rarest sort of thing that an innocent man is convicted of a capital offense. The State must convince twelve men of the defendant's guilt before conviction can be secured while the prisoner's counsel has but to satisfy one man in order to make a mistrial.

Howard has not been lacking for friends and means, and if either or both could have prevailed he would not be occupying a felon's cell. His case has been taken to the highest court in the land and no device of the law has been employed to free him. Certainly, the man must be paying the law and society a just debt. If not (and what man but Howard will ever know unless he unseals his heart?) he is the victim either of a fearful blunder or a political conspiracy. We cannot believe it is the latter.

Negroes Hanged and Burned.

Springfield, Mo., April 14.—A mob of 5,000 persons tonight tore down the jail and took Horace Duncan and James Copeland, negroes, hanged them to an electric tower in the center of the public square and built a fire under the suspended men.

The negroes, both under 21 years of age, were in jail charged with assaulting Mabel Edmondson, a white girl, last night. The mob used telephone poles and sledge hammers to tear the jail to pieces. It is a mile from the jail to the square and the mob marched down one of the principal streets, shouting and firing pistols.

Last night while Miss Edmondson and a young man named Cooper were out riding in a buggy they were stopped by two negroes who beat Cooper into unconsciousness and dragged Miss Edmondson into the woods by the roadside, and assaulted her. Duncan and Copeland were arrested on suspicion but there was no evidence against them.

One thousand men gathered at the city jail tonight and on learning that the negroes were not there hastened to the county jail where the prisoners were confined.

Greene and Gaynor Were Found Guilty.

Savannah, Ga., April 13.—Benjamin D. Greene and John F. Gaynor were found guilty of conspiracy against the government, presenting false claims and embezzlement in the Federal court for the southern district of Georgia today, and tomorrow Judge Emery Speer will pass sentence upon them.

The defendants were found guilty with no recommendations, upon each of the indictments. The verdict was returned a few minutes before 2 o'clock, after the jury had been out three and a half hours.

For fourteen weeks the case has been in progress and there was the stillness of the tomb in the court room as Judge Speer asked the jury if they had agreed upon a verdict. Foreman Hope Thomas answered in the affirmative and the three indictments were taken and the findings read by the clerk. The jury at the request of the counsel for the defense was then polled and each member stated that the verdict rendered upon the indictments were his.

The maximum sentence that the courts may impose under the law is an aggregate term of seventeen years in the penitentiary and a fine of \$575,000, the amount of the alleged embezzlement.

Before adjournment until tomorrow morning at 10 o'clock, when the sentence will be pronounced, Judge Speer said: "I have no disposition towards these unfortunate men except to be just as merciful as my duty under the law will permit."

The minimum sentence punishable under the law is, two years in the penitentiary and a fine of \$1,000.

The defence's counsel will not discuss the next step to be taken in the case, nor will District Attorney Marion Erwin say what will be done regarding the indictments against Oberlin M. Carter, Michael A. Connolly, Wm. T. and Edward F. Gaynor, who were jointly indicted with the defendants convicted today.

Mr. Erwin this afternoon received a telegram from Attorney General Moody expressing the congratulations of the President and Attorney General upon the outcome of the case, upon which Mr. Erwin has been engaged for seven years.

Savannah, Ga., April 13.—Benjamin D. Greene and John F. Gaynor were sentenced by Judge Speer in the federal court this morning to serve four years in the federal prison at Atlanta, Ga., and to pay each a fine of \$575,774.30, the amount they are charged with having embezzled.

Negroes Dying Out

Washington, April 9.—Dr. Seale Harris, professor of medicine in the University of Alabama at Mobile, talked to the President today about the ravages of consumption among the negroes of the South. He expressed the fear—and he added that his opinion was concurred in by the medical fraternity generally in the South—that the negro race was likely to become extinct in this country through the ravages of diseases, especially consumption. Statistics showed, he declared, that the death rate among the members of the negro race in America was greater than the birth rate.

Davis Stabs Alderman.

Asheville, N. C., April 11.—Alderman B. Burnette, of the firm of Burnette & Lassater, wagon manufacturers, was this afternoon severely stabbed in the abdomen by a pocket knife by one Ben Davis, for years an employee of the firm. Mr. Burnette had this morning discharged Davis, and the latter walked into the office of his former employer this afternoon and in the course of a discussion of the case stabbed him. The wound was deep, but physicians this afternoon did not think it dangerous.

WE'RE RIGHT HERE, YOU KNOW.

Where you can come in and "have it out" with us if anything goes wrong with anything you buy here. That's why we've got to take pains to have things right in the first place—why we've simply got to "square" ourselves with you on anything that does not prove just as we say. We've got to do business with you and your friends "on the level," or not at all. If you buy a "mail order" buggy or harness and it disappoints you, you may get satisfaction and you may not. You're only one of thousands of customers and the mail-order concern doesn't depend upon the trade of this town and vicinity. If you do get satisfaction, it will be at a cost in time and correspondence that will eat up all the saving (?). By all means buy where you can buy to the best advantage, but keep your money in your clothes till you've talked with us, then if we can't show you why and how it is better to spend your harness and vehicle money right here, we won't say another word.
