**INTRODUCING
NEWS IN
THE MOTHER
TONGUE**

For Black people, the mother tongue is the same all over the country. It's the unique way we have of expressing ourselves. That's one of the reasons the National Black Network saw the need for a national Black news service.

What do we call Black news? It's simply news reported by Black people, edited by Black people, and affecting the lives of Black people.

That's the National Black Network—a vital communications link between Black communities everywhere.

It's a bet that when you listen to an NBN station, you'll know where it's coming from. After all, it's carrying your news.

Drive Less

Bicycles, skates, scooters and a lot of other things may become a great deal more popular within the next few months.

And if you visited your favorite gasoline pump last week, you know why because you got something of a shock: gasoline, in most places skyrocketed to 41 and 45 cents a gallon. And there is talk of rationing and stamps within the next two to three months.

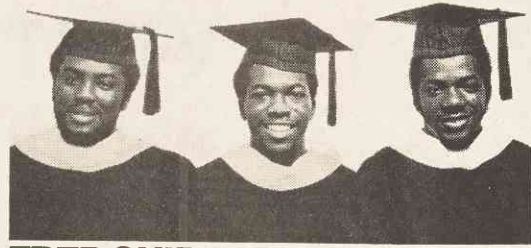

Don't blame your dealer; he's got to live too.

We've got to be careful about our consumption of fuel. And then, tell it to Washington—if anybody is listening to such "minor" complaints these days.

**FRED GUIDRY'S THREE SONS
WILL EARN MORE IN 1973 THAN
HE HAS EARNED FOR 200 YEARS.**

It's not unusual to find three college graduates in the same American family. Unless it's a family from Opelousas, Louisiana, right in the center of rural black America.

Fred Guidry has been a sawmill worker since 1933, earning at most \$2400 a year. He's locked in a 200 year-old cycle of poverty, ignorance and prejudice that seems almost unbreakable.

But his sons broke out. For openers, James, Fred and Larry graduated from Xavier University, New Orleans, in '68, '69 and '72.

After a year with IBM, James joined the Los Alamos Project, earned an M.S. in Computer Sciences and is now at Carnegie Mellon studying Urban Affairs.

Fred researches solar physics at NASA's Goddard Space Flight Center.

Larry will return to his Ph.D. studies in chemistry at the University of Pittsburgh after completing his hitch with Uncle Sam.

Fred Guidry's three sons have an earning potential he only dreamed of. But they might never have made it without the United Negro College Fund.

We support Xavier and 39 other private colleges that help 45,000 students break out of the rural backwaters and urban ghettos of this country and into 20th century America.

We know there's a place for them. We know we can help them find it. All we need is money. Yours.

A Mind is a Terrible Thing to Waste.

**Stymie To Appear On
Sanford And Son Friday**

THE CHARACTER of Otis in the "A House Is Not a Poolroom" series in the film "Sanford and Son" to be colorcast on the NBC Television Network, Friday, Nov. 23 (8:30 p.m. NYT), has a very famous face; but the face has scarcely been seen publicly for nearly 30 years.

Otis is played by Mathew Beard Jr., who was Stymie, the derby-hatted urchin in the old "Our Gang" comedies back in the 1930's. Now 48, Mat has been

out of show business since he was 19, when addiction to narcotics halted his career.

BEARD DID the Stymie role from ages 5 to 10 and had parts in several motion pictures including "Jezebel," "Prisoner of Shark Island" and "Captain Blood," as well as roles on radio shows such as "Lux Radio Theatre" and "Silver Screen Theatre."

But in his late teens, he succumbed to hard drugs. "However," he said, "I don't blame Hollywood for my problem; it was just the experiences of youth. The same thing could have happened to me anywhere."

BEARD NOW lives at Synanon, a Los Angeles group which rehabilitates drug

addicts, alcoholics and other people unable to cope with social responsibility. At Synanon, he met his wife, Anne, who was an alcoholic. They live in a one bedroom apartment and Beard works as Synanon's head of transportation between Los Angeles and Oakland, Calif.
