

# WEAL's Top Ten

by BOB JONES

## WHAT'S HAPPENING

The number one song at WEAL is definitely what's happening this week. The song is entitled "Love Ballard" by L.T.D. from the album Love To The World. The moving, melody of every line will catch you instantly as the song glides across your radio dial. It could be called a hometown group with some of the members coming from Greensboro, and with the release of their "Love To The World" album, they are soon to be nationally known. Remember L.T.D., that's "LOVE, TOGETHERNESS, DEVOTION, and that's all we need.

## TOP TEN

1. Love Ballard - L.T.D.
2. Disco Duck - Rick Dees
3. Close To You - Commodores
4. Shake Your Booty - K.C. & Sunshine Band
5. You Are My Starship - Norman Connors
6. Getaway - Earth, Wind, Fire
7. Give It Up Turn It Loose - Tyrone Davis
8. Entrow - Graham Central Station
9. Undisco Kid - Funkadelic
10. Low Down - Boz Scaggs

## UP AND COMING

Old Mean Al Green is back and this song looks like it could be as big as his countless other million sellers. Along with producer Willie Mitchell, Al's gospel oriented flavor has garnered him as many hits as Hank Aaron. His later outing "Keep Me Crying" is a change of style for the Memphis hit-maker, but Al's incredible voice is as potent as ever and should keep you dancing and singing along. From his soon to be release LP, which I hear is a monster, should take you places in music that you've never gone before with Al Green. So remember the single: "Keep Me Crying, and you keep on listening.

Always,  
Pure Serenity

## PATRONIZE YOUR ADVERTISERS

"What are those brown spots on my hands?"

You may think they're just big freckles, or sun spots. Maybe somebody told you they were "liver spots." But they're most likely age spots.

Do you have to put up with age spots? The answer is no. You can fade age spots with Esoterica Medicated Cream.

Esoterica works because it goes below the skin surface. Esoterica stops excess pigmentation, so the spot fades.

If you use Esoterica daily as directed, you should see a clearer, more youthful-looking skin tone in six weeks.
