

NEWS OF THE COMMUNITY CENTER

A basket-ball demonstration held at the Windsor Community Center on Friday, November 26, at 7:30 p. m., was the highlight of the week's activities at the center.

Other activities included the presentation of a brief program by members of the Teen-age Club at the Aycock School on Monday night. Participants in the program which consisted of readings, vocal and instrumental selections, were Doris McKethan, Jocelyn Bailey, Marjorie Nance, Juanita Sloe and Vera Robinson. Carl Johnson acted as master of ceremonies.

Members and chaperons of the Girls' Service Organization attended the regular Tuesday night dance at B. T. C. No. 10.

On Thanksgiving Day, the Teen-Age Club held its weekly meeting. Visitors included Misses Marie Patterson, Lillian Clark and Jacqueline Thompson, student at Lincoln Academy, Kings Mountain.

A group of newly organized Girl Scouts held a meeting on Friday afternoon with their leader, Mrs. Romeo Snipes.

The basket-ball demonstration presented at the Center was well attended and much enthusiasm seemed aroused to begin organization of teams for League play. The program consisted of demonstrations of fundamentals of the sport directed by G. L. Starks, Center Director, using representatives from A. and T. College, Dudley High School, and Lutheran College. This was followed by a double-header clash by Junior and Senior boys.

SAVE JARS FOR 1944

Home canners are urged to save all glass jars and tops suitable for re-use. They will be needed to round out new supplies next summer, the Department of Agriculture says. Many commercial jars — those containing coffee, pickles, peanut butter, and mayonnaise — are now standardized as to size and type of opening, so that a jar and its metal screw cap may be used for home canning by buying only a metal sealing disk with flowed-on rubber compound.

COLLEGE ENROLLMENTS

Enrollments in colleges and other institutions of higher education this year are more than one-quarter below the 1940 peak, according to a preliminary survey by the U. S. Office of Education of the Federal Security Agency. This year's total of about 1,110,500 persons is eight per cent below last year's figures. Of those enrolled this year almost one-quarter have been assigned by the armed forces for specialized training.

Young Spirit

Self-sufficient junior, the soft coral all wool jersey worn by starlet Andre Wallace, requires no jewels or accessories to highlight its charm. Rosette self-trim at the closing of the becoming neckline, the molded bodice, slit sleeve detail and v-shaped skirt yoke give important line to the fine material of vibrant color.

Bow Vogue

Deceptively simple but obviously complimentary, the beltless, one-piece afternoon dress of actress Ann Thomas displays the ingenious use of style-setting bows. A soft bodice drape of the fine turquoise wool accents a small waist, and the slender sleeves emphasize the wide, flaring gloves of matching doeskin held in place by an elastic band at the top.

MORE FARM MACHINERY

An improved outlook for new farm machinery in 1944 is foreseen by the War Food Administration. Raw materials authorized by WBP to make planting, tillage, and harvesting equipment during the year provide for about twice the quantity produced in 1943, or almost 80 per cent of the production in 1940—a year in which manufacture was relatively large. The manufacture of repair parts will be unrestricted.

Mr. and Mrs. Gilbert Harden, James Moffett, Lawyer Gates and Miss Beulah Smith of Durham, were visitors at the Johnson C. Smith and A. and T. football game on Thanksgiving.

Mr. Reuben Drake and children of 1020 Perkins street, spent Thanksgiving out of the city visiting relatives and friends in Roweland, Maxton, Laurinburg and Wagam.

Mrs. Elizabeth C. Briggs has returned to the city again after spending sometime with her relatives.

MUST COLLECT POINTS

Although WFA has temporarily lifted all its restrictions on the amount of pork a farmer may deliver to persons living off his farm, he must continue to collect ration points for all rationed meats, OPA said recently. If pork is transferred point-free, it means that a great deal of this food will find its way into the black market and will be unavailable to legitimate consumers.

HOLD SHOES 30 DAYS

Without ration payment dealers may not hold shoes bought on a will-call or lay-away plan, or by special order, longer than 30 days after they become available for delivery, OPA has announced.

REQUESTS FOR PENICILLIN

The War Department never has controlled penicillin nor received the entire output, Surgeon General Norman T. Kirk of the Army Medical Department explained recently. A civilian request for penicillin, the new drug which prevents growth of bacteria, should be made through the civilian's doctor. The doctor should communicate by telegram, telephone, or personal letter with Dr. Chester S. Keefer, Evans Memorial Hospital, Boston, giving complete details of the case.

Mrs. A. A. Stewart of 813 South Ashe street spent the Thanksgiving holidays in Wilson, and Raleigh, visiting relatives and friends.
