**SENATE ACTION ON
SOLDIER VOTE BILL
IS CALLED "FRAUD"**

WASHINGTON. — Calling the Senate action on the soldier vote bill, which would leave the franchise for service men in the hands of the states, a "shameless legislative fraud," the NAACP has urged upon House leaders the passage of the original Worley bill. H.R. 3436, not the "compromise version" of the Worley bill.

The Worley bill is identical with the Lucas-Greene bill which the Senate by-passed. It would give the federal government supervision over absentee balloting by men and women in the services.

In telegrams to Majority Leader John W. McCormack and Minority Leader Joseph W. Martin, the NAACP asked that the Rankin substitute bill be defeated.

"Only 7 state legislatures are scheduled to meet prior to 1944 elections," said the NAACP wire, "while 41 legislatures are not due to meet until January, 1945, or later."

It was pointed out that 10 per cent of the persons in uniform are Negroes and it was charged that the chief opponents of the federal voting bill (Congressman Rankin and Senator Eastland, both of Mississippi) are working primarily to keep Negro soldiers from voting, and "thus white soldiers and sailors are being disfranchised to keep Negroes from voting."

House leaders McCormack and Martin were asked particularly to see that poll tax is waived on the balloting by soldiers.

The NAACP joined other organizations and individuals in denouncing the Senate coalition of southern Democrats and reactionary northern Republicans which passed the Eastland bill turning the whole matter of the soldier vote over to the states to regulate as they see fit.

Letters have been sent by the NAACP to 318 northern and border congressmen asking defeat of the Rankin bill in the House.

COTTAGE CHEESE RATIONED.

Practically all creamed cottage cheese is under rationing because brown stamps are required for this type of cheese containing 4 per cent or more butterfat, OPA pointed out. Previously, only creamed cottage cheese with a butterfat content of more than 5 per cent had been rationed under the meats-fats cheese program.
