

NEWS FROM THE SUSIE B. DUDLEY Y. W. C. A.

Fall is always the most thrilling time of the year in the Y. W. C. A. It's the time when we have returned from our vacations and our studies with new thoughts and plenty of energy to carry out the ideas gained from our widened contacts. In other words, we are "back to our knitting," and ready for activities.

Taking a look at the calendar, we see a varied and interesting program for clubs and committees.

September 9 & 23: Young Matrons' club (2nd and 4th Tuesdays).

September 16: The Committee of Management will hold a Setting-up conference to outline objectives for this year.

September 16: The Public Affairs Committee meeting. At this meeting Mr. Wilburn Wright, of the N. C. Employment office, will speak on "Job Opportunities for Negro Women in Greensboro."

September 17: The Beehive club meets. This club is for all employed women in shops, homes, and industry.

Each Thursday during the entire year the PROTO club meets. The program is composed of fact, fun and crafts. The girls are interested in doing something for others and take an active part in everything helpful. Just recently they raised \$10 for the Milk Fund.

October will see the Community Chest drive in full swing. The Y. W. C. A. is an agency of the Chest, so let's get right in and see that the entire Chest goal is reached.

October 18-19 will see the Y. W. C. A. Neighboring conference in Winston-Salem. Further notices later.

October 14 is National Y. W. C. A. Day, a big, big occasion in our program. We shall need the thought of every member throughout the nation to speak at this time. If you subscribe to The Woman's Press, don't miss the September issue. It will help to prepare you for this day.

In October a date will be set for the Business Woman's club. Watch! Can you help? There are so many young women who need homes. The Y. W. C. A. is full and we are attempting to place all in good homes. If you have space, will you please give us a ring? Telephone 3-5946. Do a good turn—Take a girl!

BACK HOME

At a popular port all the crew asked for shore leave except one man.

"What's the matter," asked the officer. "Are you the only sailor who hasn't got a wife in this port?"

"No," replied the exception, "I'm the only one that has!"

The urge for tolerance is closely associated with those who are quickest to accuse other people of intolerance.

CARR & McNEAL WOOD YARD

1308 E. Market St.

Stove Wood, Heater Blocks,

And Slabs For Sale
