Moore, Miss Margaret Smith,
John B. Wilson, Mrs. L. P. Fer-
guson, librarian; Mrs. Martha Y.
Hairston, Mrs. Ruby D. Mason,
Mrs. A. A. Melton, Mrs. Lillian

EDITORIAL

Have you heard of the building fund drive for a Greensboro Day Nursery? It is now being launched by the Metropolitan Council of Negro Women, who are striving to make a permanent home for the nursery school operated by this organization. They are asking every civic, religious, community and fraternal organization to help them in this drive to raise funds to build a modern Day Nursery whereby parents will feel free to leave their children where they will be properly cared for under the supervision of trained nurses and teachers who will see that they are made ready to make a proper entrance into day school when they become six years of age.

Of course, the Metropolitan Council of Negro Women are looking forward to helping parents who have already had child misfortunes from disasters and hazards such as fire, drowned, automobile accidents, eating poisoned elements and others which would not have happened had they been properly protected and supervised in a day nursery as they are striving to obtain for the betterment of the community.

Have you ever observed some invalid adult who has suffered from some misfortune at an early age which has hazarded his whole future life which would not have been if the person were properly supervised in a day nursery such as the one the Metropolitan Council of Women is striving for?

A proper building with modern facilities and trained nurses and teachers will not only help remedy the disasters caused by the various hazards that were recently named, but it will help to redirect the child's mind and help him find his way at an early age through association with children.

Children are people who are not able to provide and find their own way without the help of someone who is trained to think for them and adapt them with the proper facilities that will enable him to acquaint himself with the things that he will have to deal with in later life. It is through the proper guidance that a child soon finds his way as to what type of character he will develop. Some children catch a high aim at an early age and they will tell you what they want to be at the age of two or three and a professional choice of work. It is up to the trained workers who are to deal with such a child to help him reach his esteem or destiny. On the other hand, some through an association have an outlook of a lower type of moral character such as a desperado, thief or indulge in some other shady type of life. I am sure no resourceful family would like to see their children fall within such a category and one sure method to avoid such a mishap is to join in with such an organization as the Metropolitan Council of Negro Women who are seeking for certain facilities that will enable us to place our children at an early age whereby they will be properly supervised and reach the highest esteem of life and will be able, more law-abiding citizens and have a healthy home and Christian community.

We, the Future Outlook, urge our readers to make liberal contributions to the Metropolitan Council of Negro Women's drive for a well-equipped nursing school when an agent approaches you concerning this subject.

Dear Mr. Editor:

I am writing you concerning the article you published in the colored paper last week about my son's Ph. D. I think you did a dirty job. Since he is your own color I would not advertise it in the paper. Not only does it hurt me, but our race, when one of our boys or girls tries to do something for themselves, we as a colored race should hold them up and not scandalize their name. You only know what he completed at A. & T. College; what he has done at other colleges, you don't know and I don't know. Do you remember the story of Moses? Paige could have been a Moses; it is not impossible. He has a chance to be wise just as much as any other outstanding young man. I guess he is in England at this writing. Hope you will not publish his name like that again, as I am his mother and would rather for you to contact me concerning him than publish something that you didn't know.

Thank you if you would change the article in the paper.
I am yours for success,

Mrs. Elnora Paige.

Greensboro, N. C.

Dear Mrs. Paige:

We received your letter of September 5 in regard to the article published in the FUTURE OUTLOOK, issue of September 3, concerning your son, J. Clemon Paige's Ph. D.

We regret very much to publish this article, but as a newspaper editor, it is our duty to enlighten our readers upon the truth since we are in the newspaper business, regardless of race, creed or religion.

We will be too glad to retract this article when your son returns from England and presents us with satisfactory evidence that our article which we published in regards to his Ph. D. was incorrect.

We trust that you will see our position and we will be too glad to satisfy you and our readers as to the truth about your son's Ph. D.

Yours very truly,

J. F. Johnson, Editor and Publisher
of the FUTURE OUTLOOK.

**TEACHERS COLLEGE AT
ELIZABETH CITY OPENS
SEPTEMBER 12TH**

ELIZABETH CITY, Sept 3—
With more than \$500,000 worth
of improved facilities, Elizabeth
City State Teachers College will
open its 1949-50 school year here
on September 12.

Big items ready for this school
year are the new Symera Hall
girls' dormitory and the physi-
cal education and fine arts build-
ing.

The new dormitory will house
about 140 girl students and in-
cludes a lounge, beauty parlor,
and kitchenette. President S. D.
Williams said today he expected
a registration for the Fall term
of about 100 men and 400 women.
The college staff consists of 36
teachers and 37 administrative
and maintenance personnel.

Americanism: Shouting about
individualism and then follow-
ing the crowd.

Mrs. Pearl Barber of Randolph
Avenue Extension, and George
W. Higgins of the same address,
were arrested at 8 p. m. Satur-
day, September 3, on charges of
fornication and adultery.

Higgins and Thelma Lentz of
2229 McConnell Road were ar-
rested at the same time on a
charge of retailing beer without
proper license. Hearings on both
charges were set for September
9, in Municipal-County Court.
