Senior Day Exercises Held At Bennett

"If you are to make any use of your education at all, it should be in helping to advance the human family," President Willa B. Player told members of the 1963 class at Bennett College during Senior Day exercises in Pfeiffer Chapel Friday afternoon.

Dr. Chauncey G. Winston, before presenting the seniors to receive their academic caps and gowns from their sophomore "sisters," stated that Miss Evalina Williams, class president, of Opa Locka, Florida, is presently leading the class in scholarship with a 2.63 average out of a possible 3.0. She is a psychology major.

Closely following are Hazel Abron, of Memphis, Tenn.; Leslie Doty, of Dallas, Tex.; Elizabeth Riggs, of Camden, N.J., and Carolyn Walker, of New Haven, Conn. Vivian Kirven, of Darlington, S. C., expressed appreciation from the class to all who have helped them.

Dr. Player told the 104 members of the class of 110 (six completed their work at the end of the first semester) that the two great problems which they will

Miss Birmingham To Join Staff Of NDEA Spanish Institute

MISS SARAH BIRMINGHAM

How does a 19-year-old Bennett College rising sophomore feel teaching a class of college graduates, some of whom have earned the master's degree?

Miss Sara Birmingham, native-born Panamanian, who now makes her home with an aunt in Akron, Ohio, will find out this summer when she joins the staff of the NDEA Spanish Institute at Kent State University, Kent, Ohio, as a native consultant.

The institute, a part of the language development program of the U. S. Office of Education, made possible through the National Defense Education Act, will enroll 50 elementary school teachers of Spanish for seven weeks (June 21-August 9).

Mr. B. W. Harris, Speaker For Youth Day At Bethel A.M.E. Church

The young people of Bethel in a celebration of "Youth Day" recently had as their speaker for the morning service our very own, Mr. B. W. Harris, Director of Short Courses at A&T College.

Using Natural Bridge, Virginia as a basis for the address, Harris pointed out that this structure was formed by forces which may appear as being hidden. The bridge was formed as a result of Atlantic Ocean tides rising and falling, exerting force of the Chesapeake Bay, James River and Cedar Creek. Experts have concluded that the bridge was formed as a result of erosion, caused by the four bodies of water.

"There are powerful forces which also appear to be hidden, which shape the lives of men:

1. One's desire for self-improvement; 2. One's relationship with his fellowman; 3. Recognition of the power of the Supreme Being.

In conclusion Mr. Harris said, "Blessed is that man who finds himself, learns to live with and serve his fellowman and recog-

nizes the power of the Almighty—for his life will be far more beautiful than the wonder of Virginia's Natural Bridge."

Circle No. 2 Meets

Mrs. Lydia Quick was hostess for the Winnie Lewis Missionary Circle No. 2 of Bethel, Thursday, March 14, at her home 1405 E. Lee Street.

Following a short devotion, Mrs. LaUna Greene and Miss Katrina Porcher, who had charge of the discussion period, opened the discussion for the evening. "The A.M.E. Church in Deeds of Mercy."

Miss Porcher pointed up the fact concerning the need for well-trained and consecrated ministers—leaders of people, for our future church. That one conference is offering scholarships to sponsor worthy young people who want to prepare themselves for the ministry. She raised the question "What do you think we, as missionaries, could do to help further the cause of the ministry?"

Mrs. Ethel Anderson, President of the Missionary Society at Bethel told of a young man, a member of Bethel, who is study-

ing in a Bible College. His ambition is to be a minister. He has had this interest since childhood. She said, "We as missionaries could do small deeds of encouragement to help keep up this interest that he may follow through with his ambition."

Mrs. LaUna Greene discussed the fact that as missionaries we should take more interest in civic affairs such as housing, strengthening family life, more and better schools, improving working conditions, recreation equality, improved services in State Hospitals and interest in Migrant groups. We, as missionaries, should "let our light so shine."

Mrs. Anderson told the group that the United Council of Churches is sponsoring a project—making toys for these migrant's children. Some of them had never seen a toy. The sponsor's goal—They want a plastic toy for each child. These poor illiterate people need help. Each Circle should take a definite project along lines mentioned in tonight's discussion.

Mrs. Marion Watson and Mrs. Beatrice Reid will discuss the

topic at the next program meeting, April 11. The topic will be "Delinquent Children".

A delicious repast was served by the hostess to the 19 members and one guest present.

Fellowship Tea

The St. Patrick's Fellowship Tea sponsored by the Winnie Lewis Missionary Circle held Sunday, March 17, in the home of Mrs. Annie Avery, 906 Salem St. was a grand success.

The spacious and lovely home was decorated in the St. Patrick's motif of green and white. The huge dining table was covered with a white lace table cloth over a green cloth. In the center of the table was an arrangement of green and white Mums, flanked by silver candelabras. Green and white mints and assorted nuts were in silver bonbon dishes. Mrs. P. B. Walker poured tea from the silver service at the head of the table.

Prizes were given to the three members reporting the largest amounts from sale of tickets. They were: Mrs. Florence, Kessler, First prize... Mrs. Aleece (Continued on Page 8)
