American Red Cross SOS — Support Our Servicemen Campaign

The continuing increases in U. S. military strength in South Vietnam, at home and in other parts of the world has brought a corresponding sharp upsurge in American Red Cross services to the men and women in the armed forces.

Regardless of how one feels about the present conflict, there is great need for supporting our servicemen—ARC provides welfare services to maintain morale of able-bodied men, including emergency communications between them and their families back home and assuring them that their families are being assisted as needed; gives welfare and audience-participation recreation services to men in hospitals and on hospital ships; takes recreation programs to servicemen in the field through recreation center / clubmobile activities.

These and other services for our armed forces are a part of the Congressional mandate to the American Red Cross. To carry them out as we believe the American public wishes them carried out is requiring greater sums of money than have been raised to date in the 1968 Campaign.

Some ARC Chapters will have a March Campaign, others will have a supplementary drive to meet goals because of failure of their community's United Fund Greensboro's United Fund was successful. The total goal of the American Red Cross was raised. So, this Chapter is not launching a Fund Campaign.

Red Cross in these neighboring communities that are having total goal — or supplementary goal—campaigns does need help of all media. They are: Alamance, Caswell, Chatham, Davie, Randolph, Surry, and Yadkin County Chapters and Lexington-Davidson and West Rockingham Chapters.

Also, ARC needs to use this March period to emphasize all its services, thank the people who have contributed through their United Funds and urge

those who have not supported ARC through United Campaigns to do so now direct to their Chapters.

Our smaller neighbors look to Greensboro media for help in "telling the story". Our national organization has provided Chapters with materials for radio, TV, newspapers, industrial publications, billboards, etc. to support the SOS Campaign and to say THANK YOU for Helping the United Way.

Not since World War II has there been a more urgent need for funds for ARC to carry on all its services. Thank You for your continuing help in telling the ARC and the UF story in March — and in the months ahead.

Message To The People

Rev. J. L. Foushee

Minister of God

For whosoever shall call upon the name of the Lord shall be saved How then shall they call on Him in whom they have not believed? And how shall they believe in Him of whom they have not heard? and how shall they hear without a preacher?

Rom. 10-13:14.

Today the whole world needs to call upon the name of the Lord and be saved. How shall they do it? They must believe that Jesus is, and that the gift of God is eternal life. We must hear what God says through His servant, the preacher. The poet speaks in the hymn:

Go preach my gospel saith the Lord,

Bid the whole world my grace receive

He shall be saved who trusts my word;

And he condemned who wont believe.

The believer looks to Jesus day by day. 1. For guidance through this world that is infested with trouble and all kinds of injustice.

2. For heart searching; Lord is it I? create in me a clean heart O God, and renew the right spirit within me. Psalm 51:10. And

3. For power to live on the Heavenly level. The people today don't believe and need to come to God and acknowledge their sin and hear the gospel preached by His servant who points them to the Lamb of God who takes away the sin of the world.

Let us pray:

Heavenly Father, we thank Thee that Thou have answered our prayers. We pray for the whole world that they may hear and believe in Jesus Christ. Amen.

REV. MRS. MAUDE McCLENTON BYNUM
