Dr. King Memorial Housing Fund Is Given \$100,000

ROCHESTER, N. Y., April 19 —Xerox Corporation today announced a gift of \$100,000 to the Community Chest of Rochester and Monroe County for the Martin Luther King Memorial Fund.

The Fund, designed to speed housing programs for inner-city families, was established by the Community Chest's board of directors on April 10. It will operate on a revolving basis and will advance "seed money" to construct projects earmarked for low-income families.

C. Peter McColough, Xerox president, presented the check to Joseph C. Wilson, chairman of the Community Chest and of the Metropolitan Housing Committee.

Wilson, who is also chairman of the board and chief executive officer of Xerox, expressed his appreciation on behalf of the Chest for the company's recognition of the importance of meaningful community action.

"I am enormously pleased that

Xerox has seen fit to take this action," he said. "We can pay no better tribute to the memory of Dr. King than to pledge ourselves to carry on his work to alleviate the suffering of our fellow man."

In making the contribution, McColough commented, "Society has too long paid heed only with lip service to the terrible problem of housing. I am indeed happy that we at Xerox are participating in this important community action."

The Community Chest, in a special appeal for its 1968 campaign, urged Monroe County residents to designate an additional contribution this year, over and above their regular donation, to the King Memorial Fund.

Speaking for the Chest, Wilson said, "In the wake of a national tragedy, we are given a chance to honor one man's dream. This perhaps is the silver lining."
