Distrust Cited As Big Factor In Nation's Racial Strife

Distrust by many persons with the American form of democracy was cited this week by Dr. Lewis C. Dowdy as cause of some of the severe problems that are plaguing this nation.

In a luncheon talk to the Greensboro, N. C. Kiwanis Club, Dr. Dowdy, president of A&T State University, said:

"The people are distrustful of this democracy because it has not yet achieved its fullness.

"We have proclaimed equality of educational opportunity as a national policy," added Dr. Dowdy, "but we have permitted the grossest discrimination against individuals because of the accident of their birthplace. We have proclaimed liberty, justice and freedom for all, but this has not been achieved."

Dr. Dowdy said there are still many frontiers that need to be conquered. "There is a frontier

in every community where there is inaction and a shallow sense of dedication to discover and live within the fullness of the great American dream," he said. "There is a frontier in the great valley of excuse seekers, ready to find excuses for not moving on."

"If we don't conquer these frontiers," said Dr. Dowdy, "they may continue to create disillusionment on the part of certain elements of our population. This could bring about a union of the poor and the 'rich-poor' to the extent that they will feel that anything or any other form of government will be better than the one we have."

"If this happens," concluded Dr. Dowdy, "their only desire would be to destroy for the sake of destruction, with the hope that whatever comes after will be better."

Senator Scott Proposes Bronze Medal To Honor Dr. Martin Luther King

U. S. Senator Hugh Scott (R-Pa.) today introduced a bill to strike one million commemorative bronze medals in honor of the Reverend Martin Luther King, Jr. and "a gold medal to be presented to Dr. King's widow."

Senator Scott told the Senate: "Mr. President, I introduce for appropriate reference a bill to authorize the striking of 1,000,000 commemorative bronze medals to be sold at cost to the Reverend Martin Luther King, Junior, Fund for education at Morehouse College in Atlanta. My bill also authorizes the striking of a gold medal to be presented to Dr. King's widow by the President of the United States.

"On April 22, I proposed the striking of a million commemorative half dollars for resale by the Reverend Martin Luther King, Junior, Fund, but I subsequently learned of the Treasury Department's opposition to the issuance of such a coin. However, in a letter to me, Eva Adams, Director of the Mint, stated that 'the Department has recommended that commemorative medals be struck in lieu of a coin.' The bill which I offer today carries out the Treasury Department's recommendation.

"I urge its prompt enactment."
