## A&T ALUMNI GIVE \$55,000 TO AID ALMA MATER IN DRIVE

A&T State University has been given \$55,213 by its alumni to climax the first phase of the University's effort to raise \$1 million.

The presentation was made on last Wednesday by Howard C. Barnhill, Charlotte, N. C., health educator and president of the A&T State University General Alumni Association.

Barnhill said the gift, representing proceeds from the 1968 Annual Alumni Giving Program, is the largest ever made by A&T alumni to their alma mater. He said the money represents the first installment on a pledge of \$235,000 to be given to A&T over a four-year period.

Dr. Lewis C. Dowdy, president of the University, accepted the gift and noted that the alumni contribution almost doubled the amount given by the group the previous year.

He said the gift is more than enough to qualify the University for a matching grant of \$30,000 to be paid in August by the Alfred P. Sloan Foundation. Through the Cooperative College Development Program, of which A&T is a member, the Sloan Foundation has agreed this year to match dollar for dollar all gifts by alumni up to \$30,000.

The 1968 Annual Alumni Giving Campaign was conducted under the supervision of David D. Morehead, director of the Hayes-Taylor YMCA in Greensboro and national fund raising chairman for the A&T alumni.

Dr. Dowdy said the gift from the alumni puts the \$1 million goal within reach. The drive, begun last February, now has to its credit more than \$730,000 in cash and in commitments to be paid within four years.

## INTEGRATION NOT GOOD SAYS BLACK EDUCATOR

"Integration, especially school integration, is in the worst interest of black people," according to a Negro human relations expert.

"I am glad that integration has not occurred," said Dr. Donald Hugh Smith, who will join the administrative staff of the University of Pittsburgh in September. "If we had been dispersed, we would have lost forever our chance to gain our freedom."

Smith said that it is difficult for many black Southerners to understand this matter of "being

opposed to integration." He said this is because many of the battles for civil rights were begun in the South.

Speaking at A&T State University, he said, "During all this time when many lives were lost, the goal was integration. Integration should never have been the goal. The goal should have been an open society where men can choose where they want to live, but not have the right to deny anyone else that right."

Smith said that integration will never achieve that for the

## A&T Athletic Director Resigns To Accept Post At Iowa State University

By Richard E. Moore

Dr. William M. Bell, athletic director at A&T State University since 1946, resigned last Friday to accept a position of associate dean of students and professor of physical education at Iowa State University.

Dr. Lewis C. Dowdy, president of A&T, said Dr. Bell's resignation will be effective September 15. Dr. Dowdy said he expects to announce the appointment of Bell's successor in a few days.

"I am very pleased with this new opportunity to serve," said Bell. "I have spent much of my adult life at A&T and I love the college. I hope to spend most of my remaining time here working with my replacement so he can get off to a smooth start."

A native of Polk County, Ga., Bell was an all-time great tackle at Ohio back in the late 1920's and early 1930's. He was named to several All-American teams.

Bell came to A&T in 1946 as head football coach and director of physical education. His 1950 team won the CIAA championship. Bell stepped down as Aggie coach in 1957.

He began coaching at Howard University as an assistant, in 1932. Two years later he moved of Claflin College, Orangeburg, S. C., where he won two straight conference titles.

Bell was head coach at Florida A&M from 1936-43 and his teams there won three national Negro championships. While an officer in the U.S. Air Force, he coached Tuskegee Air Force Base for two seasons. His lifetime coaching record is 129-49-15.
