VA's 1970 report on its insurance operations showed that more than five million veterans were insured for about \$38 billion under five different life insurance programs.

Veterans' Corner

Editor's Note: Veterans and their dependents are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I am moving next month. Should I notify VA or the Treasury Department so I'll get my pension check at my new address?

A — You should notify the VA regional office where your records are filed giving your claim number and your old and new address. Also notify your post office but not the Treasury Department.

Q — I changed from college to a vocational school and now would like to make a second change. Is this permissible under the GI Bill?

A — Yes, VA may approve the second change if after counseling the new program is found to be in keeping with your abilities and interest and if there is a reasonable chance you can successfully complete the program.
