Hectic Days Sleepless Nights

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nerveine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not keep to go out in company and could not sleep nights. A friend recommended Dr. Miles Nerveine. I now enjoy myself thoroughly and sleep every night. *Miss Juliette Corrier, New Market, N. H.*

I have used Dr. Miles Nerveine in the last three years and find it the best medicine for the nerves I have ever used. *Christina Lantz, Middleton, Tennessee*

Whenever I have over-indulged and feel restless I take one or two Nerveine Tablets and before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nerveine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. *Miss Grace Robinson, St. James, Miss.*

Before using your Nerveine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful. *J. H. Belding, 1207 12th Ave., Rock Island, Ill.*

My Nerveine has helped me to get my nerves in good condition. *Mr. Belding*

NOTICE TO SUBSCRIBERS

Outside Of Alleghany County

Effective with this issue the yearly subscription rates of The Alleghany Times, to subscribers outside of Alleghany County, are increased. This increase has been made necessary due to rising costs of production. The publisher is faced, not only with increased costs of materials and labor, but also with social security and unemployment taxes, and feels that subscribers outside of Alleghany County will not consider the increase in subscription rates unjustifiable.

Present subscribers in the territories where the increases are effective may renew their subscriptions for one year (not longer) at the old rate until February 28 next. To all who take advantage of this concession the increase in price will not apply for at least a year. New subscribers must remit at the new rates or they will be given credit only for the length of time their remittances pay for.

In North Carolina (outside of Alleghany County) and Virginia **\$1.25** a year
Elsewhere in the United States **\$1.50** a year
In Alleghany County the rate remains **\$1.00** a year

Imagine their embarrassment when they go out with young men!

The poor girls who play in the brass section of Phil Spitalny's orchestra are doomed to forsake the pleasure of kissing. It's not that Spitalny forbids the practice, but the fact that the girls have found out that kissing is bad for their musical careers.

Each girl whose instrument is in the brass and reed family must take special precautions to prevent her tender lips from chafing, bruising or swelling. Since the fair sex is not naturally adapted to playing these instruments, the young ladies fear that any extra contact will render them unable to "lip" their trombones, cornets and saxophones. To date none of them are married.

The moral of this story is—never date a girl in the brass section of Phil Spitalny's orchestra.

LUM and ABNER will broadcast from Hollywood beginning January 15 . . . Same for RUDY VALLEE, AMOS 'N' ANDY and SNUFFY SMITH . . . His guest appearances on the BING CROSBY show proved he is a natural for radio.
