For Blacking Stoves—An old shoe polish dauber is an excellent tool for blacking stoves.

Custard Sauce—One and one-half cups scalded milk, one-eighth teaspoon salt, one-quarter cup sugar, one-half teaspoon vanilla yolks of two eggs. Heat milk and cook cabbage in it two minutes. Add milk or cream, flour blended with butter and salt. Cook for three or four minutes, stirring constantly.

Boiling Sirup—If the saucepan is well buttered around the top sirup that is being boiled in it will not boil over the top of the pan.

Cooking Rhubarb—Rhubarb is disliked by some people because of its acidity. But this can be considerably reduced if the fruit is covered with cold water, brought to the boil and then strained before being stewed in the ordinary way. This method is only recommended to anybody who dislikes ordinary stewed rhubarb, as the healthful salts are lost when the fruit is cooked twice. WNU Service.
