Claude Doughton, of Wilkesboro, was in town Friday.

Dr. Will Taylor, Mrs. Bess Critcher, Mr. and Mrs. James Doughton, of Wilkesboro, and Mrs. Amy Wagoner, of Berwyn, Md., visited M. B. Taylor during his last illness.

Mr. and Mrs. Frank Taylor, of Murphy, N. C., spent a few days here during the last illness and death of his uncle, Math Taylor.

Mrs. Young Edwards has been quite ill and is still suffering considerably.

Lee Woodruff and family went to Elkin last Sunday to visit Mrs. B. W. Douglas.

Mrs. Kyle Watson and baby and Mrs. Walter Watson visited Lee Woodruff's last Tuesday.

Lee Woodruff is recovered from his recent illness and is back at work, making the trip daily to Radford.

Jim Maines, who has been ill in the Winston-Salem Baptist hospital for seven weeks, was visited by his wife, and Sue Maines and Walter Edwards last Wednesday.

Miss Sue Maines and Walter Edwards were dinner guests of Mrs. Fred Andrews last Sunday.

Genial Joe Doughton has gone from managing the Shell service station opposite the Methodist church to manage the larger Colvard station No. 1 down at the corner where the road turns off to the prison camp, southeast of town. And Dale Duncan, who has been helping at Shell station No. 2, now has charge of it and will probably continue to serve with the same smile.

The Sparta Baptist community was very happy last Sunday for they turned out in full force and met for worship in their own new building. It is not completed, but they will use it for all services, and have a formal opening

later when it is more fully completed.

Dick Doughton, student at State college, Raleigh, N. C., is spending the spring holidays with his parents, Mr. and Mrs. J. M. Doughton.

Mrs. Emory Joines, of Boone, is visiting relatives in Sparta.

Miss Wilma Crouse and her father, Melvin Crouse, accompanied Bobbie Crouse to Martinsville, Va., Sunday, where he is employed, and they visited Mr. and Mrs. Hobert Crouse while there.

Mrs. Eck Kirk and daughter, of Rich Valley, Va., visited Mr. and Mrs. J. M. Doughton Monday and attended the funeral of Mrs. Mollie Reeves at Elk Creek.

Miss Emmaline Hawthorne, a student at National Business college, Roanoke, spent the week-end with her parents, Mr. and Mrs. J. R. Hawthorne.

Mrs. George Cheek has received news by wire of the death in Taber, Iowa, of her sister's husband, A. L. Thomas, who was a prominent farmer of that country. Immediate cause of his sudden passing away was a heart attack. Mrs. Thomas will be remembered here as Miss Geneva Jones.

## Births

Born to Mr. and Mrs. John McLean, of Vox, on Tuesday, March 18, a boy.

## CARD OF THANKS

To all of those who helped us and visited us in our hour of trial, the death of our precious father, we wish to extend our sincere thanks; and may our Heavenly Father bless each one.  
MRS. A. A. WOODRUFF AND FAMILY

## Religion

"He who cannot discuss his religion hasn't enough to discuss; and he who will not discuss it does not deserve to have any."

## ANSWERS TO LAST WEEK'S QUESTIONS

1. Jesus is the foundation and builder of the true church.
2. Jesus established only one church, but composed of many members or congregations.
3. The first church was composed of baptized believers, and so was a baptized church, "baptism" being "immersion."
4. Jesus was baptized by John the Baptist, who was apparently the first man authorized to baptize.
5. The mode of baptism has been changed, so that now, in addition to immersion, sprinkling and pouring are both used by religious bodies as forms of baptism, though without explicit Scriptural authority.

Elder A. C. Walker.

## Piney Creek

Piney Creek, March 25.—Don Halsey, of Darlington, Md., visited friends and relatives here for a few days.

Guy Perry, of Piney Creek, who is employed at Fort Bragg, spent the week-end at home.

# A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.
- 6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.
- 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.
- 3 Army reconnaissance cars — military vehicles of an entirely new type — are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.
- 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.
