

OUR country, right or wrong! when right, to be kept right; when wrong, to be put right!

Carl Schurz made this statement before Congress in 1872. A liberal, who fled from Germany, Schurz served as a soldier in the Civil war, member of Congress, minister to Spain, and was an outstanding publisher and writer.

Obituary

MARY ELLEN EDWARDS In His all-wise providence it has pleased our Heavenly Father to call from this life Mary Ellen Edwards, who was born October 13, 1857, and died January 26, 1941, at the age of 83 years, 3 months and 13 days.

She was married to John C. Edwards, and to this union were born two children, both of whom survive their mother, Rufus C. Edwards, of Sparta and Mrs. Mae Spicer, of Bel Air, Maryland. She is also survived by seven grandchildren and eighteen great-grandchildren.

In her early youth she was converted under the ministry of Elder B. E. Caudill and united with Union Primitive Baptist Church, later transferring her membership to Antioch Primitive Baptist Church, in which faith she lived a consistent Christian life.

Aunt Ellen represents the type of women who have contributed much to the welfare of our land and people. She was a woman who looked well to the ways of her household, and she believed that all people should be thrifty and independent.

The words of Henry Ward Beecher, the great American preacher, are fitting to close this memorial: "Brethren, we are all sailing home; and by and by when we are not thinking about it, some shadowy thing (men call death) at midnight will pass by and call us by name and will say, 'I have a message for you; God is calling; and heaven waits for you.'"

John M. Cheek 1tc-10s April 7, 1941.

Legal Notice

NOTICE OF ADMINISTRATION NORTH CAROLINA ALLEGHANY COUNTY. Having qualified as administratrix of the estate of W. B. Estep, late of Alleghany County, this is to notify all persons having claims against said estate to present them to the undersigned on or before April 1, 1942, or this notice will be plead in bar of their recovery.

Legal Notice

TO ALLEGHANY HOME OWNERS The State of North Carolina has drawn up a code of regulations and requirements to govern the wiring of homes for electricity. This code is for the protection of life and property from the dangers of electricity.

To avoid taxing home owners or the electrical contractors with the expense of double inspection trips, I recommend that homes be wired by those who are well acquainted with State requirements. We have in the county three licensed and registered electricians who understand all State requirements. We are able to recommend them as capable workmen.

Terminals at the weather head must always be at least 18 inches long, and meter bases should never be placed above 5 feet 8 inches to the center. There has been some criticism recently by officials about terminals being left too short and meter bases placed too high.

(Signed) H. WOODRUFF, Electrical Inspector for Alleghany County 1tp-10s
