## Spring Fever

"Spring Fever", a three-act comedy by Ray Hodges, will be presented at the Piney Creek auditorium by the senior class of Saturday evening, April 19. The play was chosen due to its adaptability to young actors, many of the characters being juvenile. Robert Johnson as the leading man, will be seen in a splendid comedy role. Playing opposite him is Maxcin Jenkins. Bina Collins, Sidney Sturgill and Ralph Warden also contribute to the mirth in splendid comedy parts. This offering has been a tremendous success wherever played and with the enthusiasm expressed by the cast of the senior class, it is destined

## Newspaper Advt. Sell 116 Autos

East Orange, N. J.—Well placed newspaper advertisements recently brought in buyers for 116 used cars valued at \$36,159 during a two-day week-end sale held by Mallon Motors, local Pontiac dealers.

Advertising consisted of teasers Thursday and Friday with a full-page ad Saturday listing the major number of cars in the sale with a description and price of each. However Mallon executives believe that the full-page ad brought in the buyers as it was the result of the accumulative effort of consistent advertising throughout the year.

Total cost of the advertising was \$726 or \$6.26 per car sold. Of the 116 cars sold during the two days, 72 involved trade-ins, while 44 were clean deals. Nineteen of the trade-ins were junked.

More than half of Mallon's used car sales are regularly made during the evening.

Approaching used car merchandising from a buyers point of view rather than from the seller's, Mallon has determined that the four and five year old cars sell in the largest volume and also represent the largest per cent of trade-ins on new Pontiacs.

An order of the day from Adolf Hitler to the German army of the East announced early Sunday, Berlin time, that Germany was at war with Yugoslavia.

The German short wave radio carried this proclamation from Adolf Hitler, NBC said:

"Soldiers of the East front your hour has come."

In announcing that Germany was at war with Yugoslavia, the German radio said:

"In the name of the fuhrer, Adolf Hitler, I am reading the following order of the day to the German army of the East.

"Berlin, April 6, 1941. Soldiers of the Southeast front: Since early this morning, the German people are at war with the Belgrade government of intrigue. We shall only lay down arms when this band of ruffians has been definitely and most emphatically eliminated. And the last Briton has left his part of the European continent. And . . . that these misled people realize that they must thank Britain for this situation, they must thank England, the greatest warmonger of all time. The German people can enter into this new struggle with the inner satisfaction that its leaders have done everything to bring about a peaceful settlement.

"We pray to God that He may lead our soldiers on the path and bless them as hitherto."

Diplomatic relations between Germany and Yugoslavia virtually ceased Saturday night and an imminent climax was indicated in screaming newspaper headlines which charged that "Yugoslavia Prepares for War."

Inspired newspaper editorials read Yugoslavia out of the list of states fit to have a place in the "new order of Europe," and the full implications of the Yugoslav-German crisis were plainly presented for the German public to digest.

What is the most popular electric appliance in the average home? Ask the family who owns one the answer, the ELECTRIC REFRIGERATOR, not a luxury but a necessity.

Johnson: Do you think a man should tell all his thoughts and actions to his wife?

Greene: That would be a waste of time. She already knows all his thoughts, and the neighbors keep her informed of his actions.
