

# Brief Review Of State, National And World News During The Past Week

## AMERICAN WOMAN DELIVERS BOMBER

London—Jacqueline Cochran delivered an American-built Hudson bomber to Great Britain Friday as the first woman transatlantic bomber pilot and at once upset the routine of silence clamped down by somber and careful British officials upon the ocean plane-ferrying flights.

The 32-year-old American aviator, holder of many flying records, wife of an American financial titan and a business woman herself, flew the bomber all the way without relief.

Then she tried her best to cooperate with officials of the ministry of aircraft production who strove to keep her transatlantic flight quiet.

## AMERICA RELEASES SWITZERLAND'S ASSETS

Washington.—The treasury has "thawed" the frozen assets of Sweden and Switzerland, indicating that the two countries had given assurances that their credits would not be used to the advantage of axis or axis-occupied nations.

General licenses were issued exempting Swiss and Swedish funds from President Roosevelt's order of last Saturday which tied up approximately \$2,500,000,000 of German and Italian funds and property and the American holdings of a number of other countries.

The aim of the order was to prevent the use of such capital for purposes harmful to this nation and the objectives of its foreign policy.

Release of the Swiss holdings, sources here said, involved approximately \$1,400,000,000. Figures on Swedish credits in the United States were not available.

## FORD MOTOR COMPANY SIGNS UNION CONTRACT

Washington.—The Ford Motor company, last of the big non-union firms in the automobile industry,

Governor Broughton declared in an address at the annual banquet of the judicial conference of the fourth circuit at Grove Park Inn, last week in Asheville.

Governor Broughton was the last of three speakers heard at the banquet, which was attended by judges, officials and distinguished members of the bar from the five states embraced in the fourth circuit.

Judge Ben Moore, the "youngest judge" in point of service, accord-

## STONE APPROVED AS U. S. CHIEF JUSTICE

Washington.—Harlan F. Stone's nomination as chief justice of the United States

Only the thin thread of restricted diplomatic representation remained between Washington, Berlin and Rome after a week of intense international activity. The United States got in the final thrusts Sunday — one aimed at Italy and the other at Germany.

## PROPOSED INCOME TAX MEANS BIG INCREASE

Washington.—The American wage earner would pay approximately twice as much in income taxes next year under a broad tax plan tentatively approved by the house ways and means committee.

The plan also provides for sharply increased excess profits charges and a special excess profits levy of 10 per cent to reach profits on war contracts.

These proposed boosts are calculated to yield \$2,480,900,000. The administration proposes to raise a total of \$3,500,000,000 under the national defense revenue program. The difference between the two figures would come from increases in excise taxes and from estate and gift taxes.

## HOUSE APPROVES OF FUNDS FOR PARKWAY

Washington.—The house has agreed to a senate amendment to the interior department supply bill adding \$6,000,000 in contract authorization to the appropriation for the Blue Ridge and Natchez Trace national parkways.

As originally approved by the house, the bill appropriated \$6,000,000 for the parkways to cover previous contract authorizations. Of this amount, \$4,500,000 had been obligated.

The senate approved this amount and in addition authorized the park service to contract for \$6,000,000 in new work.

The Blue Ridge parkway connects the Shenandoah park and the Great Smoky park in North Carolina and Tennessee. The Natchez Trace will extend from Tennessee through Alabama to Mississippi.

## SENATOR PAT HARRISON DIED EARLY SUNDAY A. M.

Washington.—Senator Byron (Pat) Harrison (D), Miss., president pro tempore of the Senate and chairman of its powerful finance committee died here early Sunday from exhaustion following a major intestinal operation performed a week ago.

Death came to the 59-year-old Democratic statesman—affectionately termed the "Gray Fox" and "Senate Gadfly"—at 6:35 a. m., as he rounded out 30 years of service in the national legislature. His body was sent to Gulfport, Miss., on Tuesday for burial on Wednesday.

The U. S. Department of Commerce has ceased publication of statistical information on exports of American farm produce and will keep such information secret because of the war.

It is now estimated that the world cotton crop for the 1940-41 season will be approximately 28,700,000 bales produced on 75,500,000 acres.

Butter, egg and cheese futures on the Chicago market have advanced skyward under government buying of these commodities.

ing to a cing established custom spoke briefly as the banquet got under way.

## Germany Has Declared War On Russia: Soviet Invaded

Adolf Hitler, after assailing soviet Russia bitterly in a proclamation read to the world by radio at dawn Sunday, ordered the nazi armies to march into the soviet.

The German fuehrer declared he had had enough of Russian violations of the German frontiers and had commended the fate of the reich to the armies which have been all-victorious since September, 1939.

Propaganda Minister Paul Joseph Goebbels read the proclamation and then Foreign Minister Joachim von Ribbentrop came on the air to read out a formal declaration of war against the nation with which Germany linked herself in a 10-year non-aggression pact less than two years ago.

Hitler, in his proclamation, said it had been difficult for him to send an ambassador to Moscow in 1939 after the pact was signed and that it had been as hard to relinquish the Baltic states to the soviet in 1940.

He accused the Russians of sending planes across the common German-Russian frontier countless times and said that the moment had arrived at last when Germany could no longer overlook these developments.

"Together with the Finns, the Germans are standing from Narvik to the Carpathians," the proclamation said.

This one sentence indicated perfectly how far-reaching is the new battle front—from Narvik, in far northern Norway, to the Carpathian mountains on the Black sea, or more than 1,500 miles.

The German proclamation ended saying:

"German people, in this very moment a marching of the German armies is taking place which has no precedent. \* \* \* At the rivers of the Danube to the shores of the Black sea under (General Ion) Antonescu, German and Rumanian soldiers are united.

"The task is to safeguard Europe and thus save all."

"I have therefore today decided to give the fate of the German people and the reich and of Europe again into the hands of our soldiers."
