GOLDSBORO, N. C.

Horton-Manly Cut Rate Drug Store to Open for Business on This Saturday

This Store, Located in Hotel Goldsboro Building, is Modern Throughout

MODERN LUNCHEONETTE IS TO BE OPERATED

Owners of This Store Are Widely Known to the People of Goldsboro Area

One of the most modern drug stores in North Carolina will open its doors to the Goldsboro area people on Saturday of this week.

This store is the Horton-Manly Cut-Rate Drug Store, located in the Hotel Goldsboro building at the corner of Center and Walnut streets.

Owners of the business are R. W. Horton and J. H. Manly, both of whom are known to hundreds of the people of this area.

This new store is equipped with the latest modern drug store and luncheonette fixtures.

Fixtures are of natural finish gum and are trimmed in red and bright metal.

There is a fountain, 21 feet long, equipped with the latest model steam table and sandwich bar; and to the rear of the store proper there is a modern kitchen, completely electrically equipped, where the food will be prepared for serving in the luncheonette department of this new business.

In the luncheonette division there are nine booths, each individually lighted, so that 36 people may be served lunches at one time.

Horton-Manly will carry a complete line of nationally known drugs, will have a modern and thoroughly equipped prescription department in charge of registered pharmacists, and a luncheonette department as pretty as can be found.

An interesting thing about this new store is that all parts of the interior, with the exception of the kitchen, will be visible from the sidewalks. There is no obstruction of any kind, not even to cut the prescription department from the view of the public.

The fountain, steam table and sandwich bar extends from the door which opens at the corner of the building to the door which leads out near the hotel entrance; and the nine booths are located parallel to this fountain and against the wall to the south. To the left of the main entrance are the display and cigar cases; to the right of these and to the rear of the nearer booths are

W. R. Horton

W. H. Manly

the display shelves for the drugs; and back of this and next to the eastern wall of the building is the prescription department.

Those who have viewed the store even while it is in the process of completion have exclaimed at its beauty; and the owners invite everybody to visit and see just how modern and how beautiful is this store equipped to serve the people of this section.

Mr. Horton, one of the owners, is a native of Union County, but has been associated with the Cash Drug Company in Goldsboro for the past four years. He is a graduate of the school of pharmacy of the University of North Carolina and received his license to practise his profession in 1915. He has been in the drug business since this date with the exception of 5 years when he was cashier of the Bank of Monroe.

He is married and has four children.

Mr. Manly is a native of Goldsboro, and has a life-time acquaintance with hundreds of Goldsboro and Goldsboro-area folks.

An index to Mr. Manly's character and ability is the fact that for 19 years he held only two jobs, serving with the Southern Cotton Oil Company for 6 years, and with the Borden Brick and Tile Company for 13 years. His first work as just a young fellow out of school were with the late E. L. Edmundson, for 6 months, and with H. B. Parker for 2 1/2 years.

He is active in religious and civic work. He has served as deacon and Sunday school teacher in the First Baptist Church in Goldsboro; and for the past three years has had charge of Troop 6 Boy Scouts, sponsored by the Baptist church.

At present he is chairman of a committee which has charge of an enlargement program for Boy Scouts of Tuscarora Council.

He married Miss Kathleen Campbell and they have three fine children, one daughter and two sons, Corine, Jim, Jr., and Ike. The daughter is with the Forsythe County Welfare Department and the two sons are here at home.

Mrs. Manly will have charge of the luncheonette department of the Horton-Manly store.

Raymond Bell, of Mt. Olive, who has had long experience with the York Drug Company of Winston-Salem, will have charge of the fountain; and Miss Ruby Bell, formerly of the I. O. O. F. Home in the city, and Miss Edna Cooper, of Goldsboro, will be salesladies.

Mrs. Manly says that her department will specialize in good, well-seasoned home-cooking at popular prices.
