Heat Relief in Farm Kitchen Provided by Electric Roaster

No wonder he smiles in anticipation. Just look at that roaster dinner!

By IRA MILLER Rural Electrification Bureau

The electric range, with its almost unlimited capacity, is the ideal solution to the "hot kitchen" problem. And it is slowly but surely coming into general use on the thousands of electrified farms of this country.

Within the past few years, an appliance—the electric roaster—has made its appearance which, as an adjunct to the old-style range, offers an ideal means of heat relief to those farm wives who have high-line service in their homes.
